WYNNES—The court-martial of Capt. Wynne, which was suspended yesterday, will resume today. Dr. J. C. Decker, surgeon of the Alabama, testified that Capt. Wynne is not insane, but weak-minded to the extent of being incapable of being a soldier, but that his sense of right and wrong is not normal.

ROJESTVENSKY—The Russian vice-admiral, who was indicted yesterday, will be tried today. The trial will be held at the court-martial of the Russian fleet in the harbor of the Sea of Japan.

WARPAINT—The Philippine tariff measure, which was introduced yesterday, will be debated today. The measure will impose a duty of 10 percent on all Philippine goods.

PRESIDENT IS "HIT."

Brundige Arraigns Executive.

Says Present White House Expenses Are "Extravagance Run Mad."

Bitter Denunciation Follows Report of Appropriations Committee.

Gen. Grosvenor Replies in Scathing Terms That Carry Conviction.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, June 7.—The House today listened to a bitter arraignment of the President at the hands of Mr. Brundige of Arkansas, a member of the Appropriations Committee, who contrasted the expenses of the last Cleveland, the McKinley and the Roosevelt administrations.

Under the Cleveland administration there was expended for the executive department, including the salary of the President, \$157,500. Under the McKinley administration \$144,500 was used, while the bill under consideration carries for the executive department, including the care of the White House, greenhouses, and other items, \$253,540.

In addition to this, Mr. Brundige said that there were forty policemen detailed to the White House grounds, and this makes an additional \$46,000. The total of nearly \$300,000 he denominated as "extravagance run mad."

He said that he did not know whether forty policemen are too few or too many, but he thought regular soldiers ought to be detailed to protect the person of the President, and the policemen ought to be sent into the sections of Washington where thugs and murderers are preying upon women and children.

He criticized the item appropriating \$25,000 as traveling expenses of the President and said it probably was made for the purpose of providing for a repetition of the "muck-rake speech."

"As for myself," he said, "and I believe also for a large proportion of the people, we have heard enough of this muck-rake nonsense and tomfoolery, and we are disgusted with it."

"No wonder in view of the present appropriations and the present expenditures the President should hold up to public ridicule magazines and newspapers of this country and public men and private citizens who dare to criticize him."

"I entertain the belief that the time will never come in the history of politics when any man occupying a position of public trust will rise so high and become so great that the humblest citizen and the humblest newspaper man cannot justly and properly criticize his official conduct and actions."

He spoke of the President's stable and enlarged on the number of horses contained therein. Then finally he spoke of the arrest of Mrs. Minor Morris, and the appointment of Asst. Sec. Barnes as postmaster of Washington, as showing the high-handed way in which the President conducts his office.

Mr. Grosvenor of Ohio replied to Mr. Brundige. He said:

"We are now talking of the beef-packing industry because there is an order from them that is offensive to the nostrils of some of the polite young gentlemen who have been detailed for the inspection of those institutions and at the same time we hear an assault upon the President's household."

GROSVENOR REPLIES.

Gen. Grosvenor characterized the attack on the President as a relic of antiquity. He said it can have no effect upon the American people. He said if he would attempt to impress upon the people of the Old World the absolute demonstration of plain, every-day democratic administration of a great government he would take them to the White House, the home of the President, and show them the every-day life of the present occupant.

"I would show them his incoming and outgoing, and I speak of him now simply as the type of the American."

FUNNY MEN ARE COMING.

(BY THE ASSOCIATED PRESS—P.M.)

PHILADELPHIA, June 7.—The American Press Humorists' Association today elected Frank T. Seagriff of Los Angeles secretary-treasurer.

The next convention will be held in Los Angeles, September, 1907.

ican President, show him in his daily walks among his fellow citizens, a man, a simple American citizen without a single sign of greatness because of his office, without any insignia or extravagance in living—the plain American administrator of the plain American government.

He said he would point to the President's children attending the public schools, to the President's traveling and commingling with the fellow citizens throughout the country.

"Whatever criticism can be made of our government it has not developed aristocracy and plutocracy."

Speaking of the appropriation of \$25,000 for the President's traveling expenses he characterized the criticisms made on it as "unjustifiable and unfortunate." He said he had yet to meet a man opposed to the appropriation.

ROJESTVENSKY IS INDICTED.

RUSSIAN VICE-ADMIRAL WILL DIE IF FOUND GUILTY.

Lieut.-Gen. Linevitch, who commanded the Russian fleet in Manchuria during the war with Japan, is also likely to be indicted on charge by Renssenkampff.

(BY THE ASSOCIATED PRESS—P.M.)

ST. PETERSBURG, June 7.—The naval court of inquiry has presented an indictment against Vice-Admiral Rojestvensky, who commanded the Russian fleet in the battle of the Sea of Japan and the officers of the torpedo boat destroyer Bedovi, engaged and sunk by a Japanese torpedo boat.

The trial of the indicted officers has been fixed for July 4. The penalty is death.

The Reich says that General Renssenkampff, who commanded the Cossack cavalry division during the war with Japan has preferred charges against Lieut.-Gen. Linevitch, who was commander of the Russian army in Manchuria, for holding communication with the revolutionary committee of the railroad men during the strike on the Siberian Railroad.

The army organ demands the trial by court-martial of Col. Reiman of the Semenovskiy regiment of the Guards for summary executions during and subsequent to the Moscow uprising, and cites twelve cases where the colonel ordered men to be shot without trial.

FROM ANDES HE PROJECTS SOUL.

EX-LEADER OF THEOSOPHISTS IN VOLUNTARY EXILE.

Chicago Constituents Live in Daily Expectation of Visit from Astral Body Which May Exert Influence Upon Them for Good or Bad, According to Degree of Repentance.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, June 7.—[Exclusive Dispatch.] Chicago Theosophists are awaiting with eagerness and anxiety an immediate visitation from the projected soul of Charles W. Leadbeater. This is due to word received from the expelled and disgraced leader of the cult.

His former followers here believe that it is possible for him to "project" his "astral" body hither and to exert either a good or a harmful influence upon those who he visits as a materialized spirit or a disembodied presence.

The question is, "Has Leadbeater repented and will his influence be for good?" "In voluntary exile on one of the highest peaks of the Andes Mountains, wholly retired from the world, Leadbeater, lecturer, author and seer, whose expulsion in disgrace from the Theosophical society is the sensation of two hemispheres, will continue to work as best he may, on the astral plane, and as an invisible helper."

This is the information received in Chicago by Theosophists who were his friends and aids when he lived and lectured in this city.

"Out of the world and yet in it," Leadbeater will project his soul to any part of the earth where he sees that a distressed mortal can be helped. His soul will leave its corporeal habitation, according to Theosophists, as often as he elects to work on the astral plane.

It will wait itself thousands of miles, rescuing miserable human beings from spiritual and material perils.

American Ship Sailing to Shell Guatemalan City Has Zelaya's Son Aboard.

(BY DIRECT WIRE TO THE TIMES.) PANAMA, June 7.—[Exclusive Dispatch.] Additional advice concerning the ship Empire, which left Corinto to shell San Jose, Guatemala, are to the effect that President Zelaya of Nicaragua guaranteed payment for the cost.

President Zelaya's son, a colonel, has 200 troops aboard who expect to land after the machine guns have done their work.

Mr. Tisdale, manager of the Guatemala Northern Railway, crossed the isthmus yesterday on a hurried trip to New York. It is thought, to seek protection for his property from the revolutionists.

WARPAINT ON TAFT.

Will Stump West for Pet Bill.

Secretary Wants to Make Way Clear for Philippine Tariff Measure.

Would Save Document Senate Has Condemned by Personal Canvass.

Will Go Into Heart of Best Sugar District Where the Fight Is Bitter.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, June 7.—[Exclusive Dispatch.] Secretary of War Taft is to stump the West and possibly other parts of the country in behalf of the Philippine tariff measure which the Senate has condemned to death.

The Secretary will invade the land of the enemy where he will seek to make converts to a cause which he declares to mean simple justice for the government's brown wards over the sea.

During the late summer and early fall the Congressional campaign will be enlivened by the presence of Mr. Taft on the platform at political meetings.

As at present arranged most of Mr. Taft's speeches will be in the West. He will go into the heart of the best sugar districts from which came the most determined opposition to his present measure.

Nobody yet knows definitely whether it is the Secretary's intention to go upon the supreme bench or not but he decided to take the place offered to him by the President he will put forth one last effort to make the path straight for his Philippine bill.

ALFONSO GIVES MORE POWER.

CABINET RESIGNS BUT KING RETAINS MEMBERS.

Premier is Given Right to Dissolve Cortes and Improve Upon the Homogeneity of Governing Officials. Already He Has Taken Steps for Suppression of Anarchists.

(BY DIRECT WIRE TO THE TIMES.)

MADRID, June 7.—[Exclusive Dispatch.] In order to give King Alfonso full liberty as to which party he would intrust the government, the Cabinet today resigned, but the King told Premier Senor Moret that he had unconditional confidence in the Cabinet and the Liberal party and declined to accept the resignations.

Senor Moret pointed out that the Liberal Cabinet could not govern with the present Cortes which was elected under a Conservative Ministry and it might be necessary to dissolve the Cortes. This the King gave him power to do when he thought it necessary.

Senor Moret also was empowered to reorganize the Cabinet in order to obtain more homogeneity, and it is believed that Senor Romanones, Minister of the Interior, and two others will retire. The Premier also told the King that he was taking measures to repress anarchists.

In reply to a telegram of congratulations on his marriage and escape from the bomb sent by the Mayor of Biarritz, King Alfonso replied that he never would forget the cordial sympathy of that beautiful city of France.

Louisiana Man on Trial in Chicago for Alleged Sale of Options on Oil That Did Not Exist, Says He Will Exterminate Family When He Is Released.

(BY THE ASSOCIATED PRESS—P.M.)

CHICAGO, June 7.—John H. Dalton, formerly a local politician, and Lewis A. Courdain of Louisiana, were today sentenced in the United States District Court to four and one-half years in the penitentiary and to pay a fine of \$1500 each for using the mails to defraud.

The charges against the men was that they sold options on oil which did not exist.

Courdain asked the court to give him the limit of imprisonment under the law and the judge accommodated him. Courdain previously declared that if convicted he would ask the court for the extreme sentence, serve his time out and then exterminate his family.

FORMS GIANT CORPORATION.

Wall Street Astonished by Story of Chicago Money Wizard, Richard Sears.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, June 7.—[Exclusive Dispatch.] Wall Street heard today a story of a young man, from the position of a telegraph operator less than fifteen years ago to the head of a \$40,000,000 mercantile corporation which is soon to be formed and which he will control. The man is Richard W. Sears, of Sears, Roebuck & Company of Chicago.

News of the formation of the \$40,000,000 corporation became known today when it was learned that Goldman, Sachs & Company, and Lehman & Company, bankers of this city, have formed a syndicate to finance the firm, which is to be turned into a joint stock company.

The name of the firm is Sears, Roebuck & Company of Chicago. It is the greatest retail enterprise of the West.

Credit was given in banking quarters today to the remarkable genius of Mr. Sears, who has directed the entire business. He is not yet forty-five years of age.

The enterprise, built up within the last few years, now comprises a small city with its own police force, schools, hospitals, etc.

DREIBUND SOLIDIFIED BY WIRED CORDIALITY.

(BY THE ASSOCIATED PRESS—P.M.)

VIENNA, June 7.—Emperor William's visit to Vienna was greatly curtailed by the cold weather and unceasing rain. The principal feature of the visit was the exchange of telegrams between the sovereigns of the nations in the Triple Alliance which is generally attributed to the initiative of the German Emperor, and the marked attention which the Kaiser paid to Dr. Wckerle, the Hungarian Premier.

The latter apparently has borne fruit in the appreciative editorials printed in the Hungarian coalition newspapers which referred to the Austro-German alliance.

The Austrian and German Emperors telegraphed jointly as follows: "As two allies we send to you, the third, sincere, united expression of unalterable friendship."

The Italian King's reply was equally warm-hearted. He telegraphed: "I share your satisfaction for unity and beg that you will accept the assurance of my true and inviolable ally."

King Victor Emmanuel's reply to the telegram from the two Emperors is considered to have counteracted the danger of the visit being regarded as a mere Austro-German demonstration to the exclusion of Italy; and according to the Neue Freie Presse, the Imperial speech to the delegations will refer in warmness to the incident as strengthening the Triple Alliance.

Emperor William in visiting Kreutenstein Castle fulfilled a wish he long has entertained. Count Hans von Wellsek spent thirty years in rebuilding and restoring the castle in accordance with historical data, and it now is practically a museum of fifteenth-century arms and armor. The Emperor examined everything minutely and complimented the Count on the fidelity of the restoration.

WYNNE IS BIT OFF.

Moral Sense Is Not Quite Right.

Naval Surgeon Says Captain Is Not Insane, but Just Wobbly.

Court-martial of Son of Former Postmaster-General Resumed.

Sunstroke Is Partially Blamed for the Alleged Fit of Insubordination.

(BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, June 7.—E. S. Theall of Washington, counsel for Capt. Robert J. Wynne of the United States Marine Corps, in his court-martial for alleged insubordination today made a statement to the Associated Press in which he said that the testimony warrants Capt. Wynne's retirement from active service for disability incurred by sunstroke.

"The defense relied upon by Capt. Wynne," says Mr. Theall, "is that of intense aggravation brought about by the manner in which he received the orders to appear on deck. The average officer would have been greatly aggravated, humiliated and irritated over the idea of a junior officer of his command, accompanied by two enlisted men of his own command, appearing at the door of his stateroom with orders to drag him on deck."

The court-martial of Capt. Wynne, which was suspended yesterday at the request of the Judge Advocate, was resumed today. Dr. J. C. Decker, surgeon of the Alabama, testified that Capt. Wynne is not insane, but weak-minded to the extent of being incapable of being a soldier, but that his sense of right and wrong is not normal.

Dr. F. M. Furlong was put on the stand by the Judge Advocate. He said he treated Capt. Wynne at Guantanamo in 1903, for the most severe headache he ever knew of. When he spoke soothingly to Wynne, the witness said, Wynne cursed him for not affording him instant relief.

At that time Capt. Wynne was normal except for extreme irritability.

Twenty-nine Kinds of Champagne Drunk at Banquet of Liquor Dealers.

(BY DIRECT WIRE TO THE TIMES.)

LOUISVILLE, June 7.—[Exclusive Dispatch.] Closing its sessions to-night with a banquet at which twenty-nine brands of champagne were served, the National Wholesale Liquor Dealers' Association will meet next year in effervescent Atlantic City. Marion E. Taylor of Louisville was elected president and Ephraim Price, Philadelphia, treasurer. A resolution was adopted calling for Federal supervision of all distilleries, aimed at small plants in Georgia, also one prohibiting adulteration of whiskeys.

LONGWORTHS TO MEET KING.

President's Daughter and Son-in-Law Will Dine With Edward in London.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, June 7.—[Exclusive Dispatch.] The Exchange Telegraph Company is officially informed that as far as can be stated now, the arrangement for the visit of Congressman Nicholas Longworth and Mrs. Longworth is as follows:

They will arrive on Saturday. Sunday will be passed quietly. On Monday they will dine out.

On Tuesday Ambassador Whitelaw Reid will give them a grand banquet at his London residence, Dorchester House, at which the King will be present and to which Prime Minister Sir Henry Campbell-Bannerman and the other members of the Cabinet have been invited.

Wednesday Mr. and Mrs. Longworth will attend a party. Thursday they will dine out. Friday they will dine with Mr. and Mrs. Bradley Martin.

Saturday they will go to West Park, Ambassador Reid's country seat for the week end.

On Monday they will return to London.

RUEF'S PLEA STRIKES SNAG.

Committee Listens to Both Sides on Question.

Corporation's Men Appear to Be Interrogated.

(BY THE ASSOCIATED PRESS—P.M.)

SACRAMENTO, June 7.—For the fourth time the Ruef case has been taken up in a committee conference to explain the provisions of the proposed amendment No. 2, and to reply to arguments of attorneys and others who represent the opposition. He has twice appeared before the Assembly Committee on Constitutional Amendments.

His first effort was before the Assembly Judiciary Committee and this afternoon he attended the Senate Judiciary Committee which was convened in order to save time and in order that the members might be enabled to accord the amendment consideration while awaiting the appearance of the bill from the Assembly.

EXCHANGING LAND.

While on the previous occasions Ruef explained the provisions whereby it is proposed to widen Montgomery street and other San Francisco thoroughfares by obtaining from the property owners strips of their frontage property and giving in return other property of equal value, he also explained the provisions whereby public service corporations are to be prevented from tearing up street pavements and to the opportunity which he says is afforded for the consolidation of school-site property extremely valuable, which may be diverted to other purposes.

Ruef was limited by the committee to an address of five minutes but the many questions asked, and the explanations in reply could not be given in the time allotted. He was permitted to extend his address by permission of the committee. In concluding he stated that this amendment was desired in its present form because it provided a method whereby the city might be laid out on new plans at a saving of millions of dollars.

PROTECTS ALL PARTIES.

He argued that the people and the corporations were alike protected by their constitutional right to bring about the defeat of any amendment deemed injurious and offered any person present the privilege of presenting an amendment which preserved the substance while changing the worded form of the amendment.

Matt L. Sullivan of San Francisco, was present at the session and opposed some of Ruef's explanations. Mr. Palmer, who represented the North Central Improvement Association of San Francisco, made a brief statement at the conclusion of Ruef's address. Mr. Palmer stated that the property owners of Montgomery street were not unanimous in their expressed intention of donating to the city property frontage to provide for a wider street. He mentioned several whom he said had agreed to give ten of the necessary twenty feet and who would demand that the city purchase the remainder.

The committee session was attended by representatives of the telephone, railway and other corporations.

MAY FINISH SATURDAY.

In the Senate a larger number of bills have been passed and several of the members today affirmed that legislation now on hand in the upper house might be cleared away by Saturday. The Senate Finance Committee for instance, has taken action on every measure submitted to its consideration with the exception of the constitutional amendment providing for a State bond issue of \$10,000,000 which already has been returned with an unfavorable report and which was referred back for amendment.

The Assembly was in session less than two hours today and this afternoon without having transacted any business adjourned to meet tomorrow morning.

No measures of consequence were passed, and a number of committee reports were received.

In the Senate this evening Senator Belsaw offered a concurrent resolution providing for the adjournment of the Legislature on next Saturday evening at 10 o'clock. The resolution was adopted by unanimous vote without discussion.

EDUCATION MINORITY REPORT.

A majority of the Senate Committee on Education this evening determined to recommend for passage, with amendments, a constitutional amendment providing for the issue of 100-year bonds in San Francisco and San Jose. There is to be a minority report. The Senate Judiciary Committee recommended for passage the constitutional amendment permitting the cities of San Francisco and San Jose, for a period of two years, to amend their charters with ratification.

In the meeting of the Assembly Committee on Education today, several members of the San Francisco public schools, contended that the records of thirty-one schools not destroyed by the fire showed an increase in average daily attendance of 7 per cent, and asked that the bill providing for distribution of State school funds be made on that basis. The bill provided for a 3 per cent. increase, but will be recommended so as to provide for an increase of 5 per cent. in attendance.

BILLS PASSED.

The following bills were passed tonight: Providing for the retention of moneys collected by State Harbor Commission for repair of damage to water front of San Francisco.

Providing for the restoration of teachers' certificates lost or destroyed. Appropriating \$20,000 for the State Asylum at Ukiah.

Permitting the State to cede to the United States certain lands in San Diego Bay.

Bill relating to substitutes for school records lost or destroyed.

The Senate remained in session this evening until 9 o'clock.

WORK HASTENED.

Aside from routine business and an effort on the part of the Senate to hasten adjournment, several matters have engaged the attention of the Legislature today.

Senator Shridder's objection to newspaper criticism drew the largest attendance of spectators since the session began. The effort on the part of Senator Lukens to add a quarter of a million to the appropriation for a State building remained on the floor, and there is a general feeling of satisfaction due to the announcement made tonight that Assembly committee amendment No. 2 will be reported back from the committee tomorrow morning.

That the amendment has been altered is admitted by Chairman Hauser of the committee, but as it was considered in executive session it cannot be stated whether the committee fa-

vors the objections of the opposition or the merits of the long and hard fight for its passage made by Abe Ruef. The latter will leave for San Francisco early tomorrow morning, having completed his arguments on the measure.

QUICKLY PASS DOZEN BILLS.

A dozen bills were passed in half an hour by the Senate this morning. The following were the bills:

Providing for contingent and traveling expenses of the Insurance Commissioner.

Appropriating \$10,000 for the State Normal School at San Jose.

Appropriating \$40,000 to supply money erroneously collected from corporations.

Relating to attachments in courts of justice of the peace.

Repealing school census.

Appropriating \$72,500 for repairs to the Home for People Minded at Glen Ellen.

Appropriating \$25,000 for the State Asylum at Agnew.

Appropriating \$25,000 for the State Asylum at Napa.

Appropriating \$25,000 to reimburse the regents of the University of California for loss of income.

Extending the time for filing statements of insurance companies with the Insurance Commissioner.

RECORD OF BILLS.

Of the thirty bills in the Senate, ten have been withdrawn and four have been signed by Governor Belsaw. The bills have been passed, and the others are under consideration or with the proviso that two of the twelve constitutional amendments have been withdrawn, one has been recommended for adoption, and the others are still under consideration.

The recommendation of the Finance Committee providing \$500,000 for the purchase of a site and the erection of a State building in San Francisco today provoked an earnest debate in the Senate, precipitated by Senator Lukens, who offered an amendment increasing the allowance from \$500,000 to \$750,000.

The amendment was opposed by Senators Belsaw, Curtin, Carter, Hamilton and Shorridge. After a heated debate, the amendment was lost, and the bill providing \$500,000 for the State building was passed by unanimous vote.

STILL STUCK ON AMENDMENT.

Assembly constitutional amendment No. 2, which has been the subject of extended committee consideration and the object of opposition from different sources, was not reported in the Assembly this morning, as expected. The committee was to have prepared its report at a meeting held before the lower house convened today. It was reported that Chairman Hauser of Los Angeles was slightly indisposed and unable to attend. The principal amendment proposed, extending the term of the committee on introduction of bills, ten measures presented yesterday were added to the number on hand and referred to committees.

PROTESTS PRESENTED.

The protest of the San Francisco Downtown Property Owners' Association, read in the Senate last night and requesting unfavorable action upon the act providing for taxation of the San Francisco charter, was presented to the Assembly this morning.

A protest from the Market Street and Euclid Valley Improvement Club of San Francisco, directed against suspension of the charter and abolishing the law providing for taxation of mortgages, was also read and filed.

When the Assembly convened this morning, the history showed the following disposition of the sixty-six bills introduced in the lower house up to yesterday: Passed by Governor, four; passed and sent to Senate, four; on third reading, five; on second reading, eight; withdrawn, five; in committee, forty. Of the five constitutional amendments, one has been adopted and one has been recommended for favorable action.

SLOW PROGRESS.

While in both houses committees have been given as much time as possible for consideration of bills many members of both houses agree that at the present rate of progress it will not be possible to complete the session on hand and adjourn Saturday.

The Assembly Ways and Means Committee, to which have been referred concurrent resolutions providing for sine die adjournment by the end of this week, has not yet considered the matter. The result of the committee deliberations was reported this morning in both houses, when batches of the less important measures were reported in rapid succession and exchanged between the two branches.

COLLINS HEARD FROM.

The Assembly this morning received a petition from George D. Collins, convicted of perjury, in San Quentin. The petition, presented by Assemblyman McGowan of San Francisco, contained allegations of perjury and conspiracy against Judge Albert M. Burnett of Santa Rosa, before whom he was tried. The charges were wholly technical.

Mr. McGowan, in presenting the petition, expressed his disbelief in its merits. Cromwell's suggestion that consideration of the petition be postponed indefinitely was carried by a vote of 15 to 10.

A concurrent resolution introduced in the Senate by Shorridge and in the Assembly by Atkinson provides that the United States government be requested to cede to the State of California the island in San Francisco Bay known as Sausalito or Yerba Buena. The resolution explains that the island is then to be used by the State as a terminal for different railroad companies.

MINERS ASPHYXIATED.

Coal Shaft Near Red Lodge, Mont., Scene of Fatal Burst of Flame.

(BY THE ASSOCIATED PRESS—P.M.)

RED LODGE (Mont.) June 7.—At least one man is dead and several others are in a serious condition from asphyxiation in the Northern Pacific Railway's Rocky Fork coal mine near Red Lodge, Mont.

Fire in the mine several days ago was supposed to have been extinguished, but today started afresh.

A number of men who were in the mine were overcome and a rescuing party of fifty volunteers entered the mine to search for their comrades. Many of these men also were overcome by gas, but it is thought that most of them were brought out before they died.

It is believed that there are several miners still in the mine about seventy feet below the surface, and that they have perished.

WOULD WALK WITH WESTON.

NEW YORK, June 7.—[Exclusive Dispatch.] G. U. Bohannan, an English walker, arrived today on the Majestic. He asserts he holds the walking record between John O'Grady and Lennie Egan, a distance of 311 miles, having done the distance in sixteen days and twenty-one hours. He is hopeful of arranging a match with Edward Hayden Weston, who recently broke the record between Philadelphia and New York.

Newport Is the Only Boat to Leave the Port.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, June 7.—That the lockout which now ties up the shipping on the San Francisco water front is not to cease for some time is evident from the action taken by the Pacific Coast Steamship Company today. The company sent notice to the sailors, firemen and cooks and waiters belonging to this company, intimating that the company which regulates wages and conditions of work will be abrogated on July 1. This notice was given in accordance with a mutual understanding whereby notice of a strike or lockout must be given thirty days before action is taken.

BUSINESS AT STANDSTILL.

The business of the Pacific Coast Steamship Company in this port is entirely at a standstill. The State of California, belonging to this company, was to sail today at 10 o'clock for San Diego, and the Curacao was to sail for Mexico ports. Many passengers who had engaged passage aboard them had their money refunded.

The Pacific Coast Steamship Company stated that no men are now working on their wharves and that they have no receiving freight. Not only the longshoremen on their dock have been laid off, but also the sailors, cooks, waiters and firemen on the State of California, the City of Puebla, the Curacao and the Bonita, which are in this port.

MAN ONE VESSEL.

The Pacific Mail Steamship Company, which is expected to arrive here tomorrow, was locked out of the dock today. The company is expected to arrive here tomorrow, but it is not clear whether it will be able to leave the port.

The executive committee of the steamship companies and the United Brotherhood of Carpenters met today to arrange to confer with a committee named by the City Front Federation to attempt to bring about a meeting and an effort will be made to put an end to the trouble which has crippled the shipping industry.

NEW YORK GROCERY CLERK LEADERS ARRESTED.

Because "Union" Declared for Early Closing, All Places Found Open After Seven in the Evening Were Raided, but the Courts Soon Had Guilty Ones Behind the Bars.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, June 7.—Life is not so rosy for certain leaders of the Bronx Grocery Clerk's Union who last night smashed half a hundred windows in stores whose proprietors refused to close at 7 o'clock.

Peter F. Monahan, the president, and Martin Finn, reputed to be the secretary of local No. 496 of the International Association of Retail Clerks, were arrested last night after the riotous disturbance by Magistrate Walsh in the Westchester Court.

On their failure to provide \$500 bonds for their good behavior for six months they were sent to prison.

Frederick Klute, charged with being a ringleader, was locked up because he could not furnish a \$200 bond. Frederick Lauer and Otto Weidner were fined \$5 each. John Bradie was released for distributing circulars to the effect, "That the lady of the house who is a party to the riotous disturbance is a party to the riotous disturbance."

On their failure to provide \$500 bonds for their good behavior for six months they were sent to prison.

LOCKOUT RAISES HOWL.

NEW YORK CARPENTERS SAD.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, June 7.—More than twenty-five buildings in New York City are involved in the lockout of the 12,000 members of the United Brotherhood of Carpenters, which went into effect yesterday in accordance with the decision of the board of governors of the Building Trades Employers' Association.

The carpenters were incited to grumble at being locked out because several hundred carpenters in Brooklyn insisted on remaining on strike against the decision of the board of governors of the Building Trades Employers' Association.

Secretary Roosevelt D. Tompkins of the Association of Building Trades Employers said last night that if any non-union carpenters are put to work the men in the other trades will refuse to work with them.

COLUMBUS (O.) June 7.—The Joint Scale Committee of the miners and operators has adjourned without agreement.

MINERS REFUTE CHARGE.

(BY THE ASSOCIATED PRESS—P.M.)

DENVER, June 7.—The action of the convention of the Western Federation of Miners at the opening session here, whereby two of the Butte delegation were unseated, caused the charge to be made that the Socialist tendency of the federation was the reason for turning down the two men referred to.

Resolutions prepared by a committee appointed for this purpose were adopted unanimously today, refuting this charge. The resolution quoted a portion of the record of the convention to show that Fitzgerald and Cunningham were unseated solely for the reason that Lowmy and Duffy were regularly elected.

COLUMBUS (O.) June 7.—The joint conference of the Ohio miners and operators adjourned this afternoon in disagreement. Both sides declare tonight that the fight is now on to a finish.

PITH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, June 7.—[Exclusive Dispatch.] Another burning tropical day was the fate of Chicago and no relief from the excessive heat is promised until Saturday.

The mercury did not record lower than 75 degs. in the twenty-four hours and reached the maximum of 84 degs. The toll of death was lighter, only one fatality being reported. There were a number of prostrations. In a brief afternoon thunder shower hail fell in some parts of the city. Middle West temperatures:

GUATEMALA REBELS WIN.

Revolutionists Said to Be Successful in Their Fight Against the Government.

NEW YORK, June 7.—A private dispatch received today from the Republic of Salvador reported that the success of the revolutionists in Guatemala is assured, and that the statements to the contrary given out by the Government of Guatemala are untrue.

GEN. TOLEDO ADVANCES.

MEXICO CITY, June 7.—News received from Gen. Toledo, in command of the revolutionary party says that he has in two engagements, badly routed Cabrera's troops and as his forces are being reinforced by the arrival of large bodies of men he has no doubt of his success and triumphant advance to Guatemala city.

Operations are being conducted by Gen. Toledo in the absence of Gen. Barillas who was detained by the Mexican authorities and who will be brought here.

Col. Pinedo is in the province of Peten and has many recruits.

LAST PROP OF CZAR TOTTERS.

DISAFFECTION IN ARMY HAS ALARMING PROPORTIONS.

Open Ferment Exists in Garrison at Odessa and Russian Troops Generally Show Spirit of Unrest, as Result of Revolutionary Propaganda.

BY THE ASSOCIATED PRESS—P.M.

ST. PETERSBURG, June 7.—A new cloud looming in the government's horizon is serious unrest among the troops, the only stay of the executive authorities in case of an open rupture with Parliament. Evidence of this unrest is being received from many quarters.

In addition to the Kursk troubles, which, in spite of official disclaimer that they are of a political nature, known to have been fomented by revolutionists, there is open ferment in the garrison of Odessa, while the Cossacks on Rostov-on-Don and elsewhere are muttering because of the long time they have been absent from their homes.

In addition, it is learned that the new recruits, instead of revivifying the loyalty of the army, have infected the ranks still further with the revolutionary spirit which is so widespread among the peasantry.

Undoubtedly it is true to say that the army cannot be depended upon and that it is certain that disaffection has made widespread strides since last summer. Revolutionists are now bending their entire efforts to this propaganda.

Today was the Empress's birthday and it was observed as a general holiday. The Lower House of Parliament, without specifically mentioning the reason, honored the occasion by adjourning until tomorrow.

Only Medicine for Thirty Years

MR. W. A. STAGG.

Duffy's Pure Malt Whiskey

is an absolutely pure, gentle and invigorating stimulant and tonic, builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles and richness to the blood. It brings into action all the vital forces, it makes digestion perfect and enables you to get from the food you eat the nourishment it contains. It is invaluable for overworked men, delicate women and sickly children. It strengthens the system, is a promoter of good health and longevity, makes the old young and keeps the young strong. Duffy's Pure Malt Whiskey contains no fuel oil and is the only whiskey that has been recognized as a medicine. This is a guarantee.

Sold by all druggists and grocers, or direct, in sealed bottles only; never in bulk. Price 9c. Insist on the genuine, and see that the "Old Chemist" trade-mark is on the label. Beware of refilled bottles and spurious malt whiskey substitutes offered for sale by unreliable dealers. They are positively harmful and will not cure. Medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

Mr. W. A. Stagg, Brooklyn, N. Y., aged 73, enjoys good health, thanks to Duffy's Pure Malt Whiskey, which has been his medicine for 30 years.

Mr. Stagg has had Grip many times, and he says that Duffy's makes a complete cure every time, preventing any bad after effects. After using Duffy's for 30 years as prescribed, he would not be without it.

He gratefully writes:

"For thirty years Duffy's Malt Whiskey has been my one medicine. I have always used it as prescribed and it has proved a valuable aid, as it has not only cured several attacks but has prevented any bad after effects. I cannot speak too highly of what Duffy's Pure Malt Whiskey has done for me, and will always keep it to stimulate and tone up my system and as a sure cure for colds and grip. Although 73 years old, I am hale and hearty, due to the judicious use of Duffy's Malt Whiskey. W. A. Stagg, 1063 Pacific St., Brooklyn.

OFFICIAL REVIEW OF WATER PROJECT.

*Report of Board to the City Council
Contains Concise Statement of the
Inception, Adoption and Develop-
ment of Owens River Enterprise,
and Resulting Benefits.*

IN VIEW of the distortions of public records, pervasions of official statements and impudent misstatements of fact concerning the Owens River project, in conversation and in print, instigated by the corporate interests whose profits appear to be increased by the city's enterprise and by the possibility of city and county consolidation, an official review of the situation is interesting and informing to the public. Such a review is contained in the following report of the Water Commission to the City Council, filed yesterday:

To the Honorable City Council of the City of Los Angeles: Gentlemen: We beg to submit to your honorable body the following report, pursuant to the statement made in our annual report, filed December 18, 1935, that a complete report with reference to the project of the city for obtaining a water supply in the Owens River Valley, embracing the report of Messrs. Lippincott and Mulholland on the hydrography of Southern California, was presented to the City Council by this board at a later date.

The year of 1936 will, in all probability, be regarded in the future as one of the most important in the history of this city, by reason of the inauguration of one of the boldest undertakings ever attempted by a city of the size of Los Angeles. We, therefore, deem it proper to state, in brief detail, the necessity for entering upon the extraordinary project of bringing water from a source so distant as the Owens River, and to relate the steps that have been taken by this board, both independently and in conjunction with the honorable body, for the purpose of securing for the city an adequate water supply.

It will be remembered that, in the three preceding annual reports of this board, it was implied, if not expressly intimated, that the city would soon outgrow her entire available water supply; and in the annual report of this board for the year ending November 30, 1934, the announcement was made in reference to the Los Angeles River, upon which we depend almost exclusively for water, that "the time has come, however, when we shall have to supplement its flow from some other source." In 1935 our population, as shown by the Federal census, was 28,284. By 1936 it had doubled. In the next five years it is estimated to reach the first of January, 1941, it will probably reach 250,000.

The extraordinary growth of the city naturally provoked much public discussion of the limitations of our water supply, and the question of providing an additional source engaged the most serious attention of this board.

Numerous projects were, from time to time, proposed by various parties, who had, or believed they had, water rights to sell to the city that would be adequate for her future needs, but the board decided that, before selecting any of them for the use of the city, a thorough investigation should be made of all available sources of water supply in Southern California. The board, accordingly, employed Mr. J. A. Lippincott, a well-known hydraulic engineer, who, by reason of his extensive investigations in this region for the United States government, was especially well fitted for this work, to make and submit a report on this subject. In collaboration with Mr. William Mulholland, the Superintendent of the water department, who, by reason of his long experience and practice as a hydraulic engineer in this part of the state, was well qualified to conduct such investigation. The report of these gentlemen is presented herewith, and it will be found well worth perusal and study by every citizen having the city's interests at heart, as well as by those desiring to obtain a knowledge of the hydrography of Southern California.

This report conclusively showed that no adequate water supply could be obtained by the city in Southern California, several months before the report was formally presented to the board, the result of the extensive investigations of Messrs. Lippincott and Mulholland was made known to us, revealing the extreme seriousness of the situation in which the city was placed. It became evident to the board that the future growth and prosperity of the city depended upon the discovery of a source of water supply outside the section of the State so that, when Mr. Frederick Eaton unfolded to the board his plan of obtaining water for the needs of the city from the Owens River Valley, more than two hundred miles distant, it appeared to us to present the only feasible scheme for providing the city with a supply sufficient for its future needs. Subsequently, in the month of September, 1934, Mr. Mulholland, at our request, accompanied Mr. Eaton to the Owens River, following, en route, approximately the course a conduit would have to take to bring water by from that source to the city. Upon his return Mr. Mulholland reported to us that an abutment of pure water to the city's needs could be procured in the Owens River Valley, and that its conveyance to the city was entirely responsible. Whereupon, a corps of surveyors was put to work, under his direction, upon the most difficult portion of the route that would be traversed by the conduit.

Prior to this time agents of the United States government, connected with its reclamation service, had been making investigation of the water supply in the Owens River Valley, with a view to the construction of a dam and the quantity of water annually flowing into the Owens Lake, and there lost, so far as any useful purpose is concerned, with the object of extending the irrigated area of the valley, and the data thus collected, coupled with the personal observations of Mr. Eaton and others of long acquaintance with the hydrography of the Owens River drainage basin, were of great use to this board, in determining the sufficiency and availability of the Owens River as a source of water supply.

In April, 1935, Messrs. Fay and Elliott, of this board, accompanied by Mayor McAlister, City Attorney Mathews and Messrs. Eaton and Mulholland, made a visit to the Owens River Valley for the purpose of further investigating the water supply, and of stating there, and of considering a proposal from Mr. Eaton to sell and transfer to the city certain options and contracts for the purchase of lands and water rights along the Owens River.

After carefully considering all available information concerning sources of water supply, sufficient for the needs of the city, and in the light of the fact that Southern California, the board became erubescence convinced that the Owens River afforded the only adequate supply that could be obtained by the city. It is a source which would be justified in securing. Having reached this conclusion, the board entered into a contract with Mr. Eaton for the acquisition of the property embraced in the proposal submitted by him, and devoted the available funds of the water department to this purpose. This property includes most of the riparian lands a distance of about forty miles

along the river above Owens Lake, in Inyo county, and reservoir site what is known as Long Valley, in Mono county. These lands, besides being desirable in cost valuable on account of the appurtenant water rights, are advantageously located with reference to the acquisition of any additional property in that locality that the city may wish to purchase.

The proceedings of the board in these transactions were conducted with the utmost secrecy, in order to prevent speculators from anticipating the city in securing the property desired. The board was confident that its action, although taken without previous consultation with the Council, would receive its approval when the facts should be made known, and we are pleased to be able to state that our expectations in this regard are realized. The contracts above referred to made it necessary to provide for about \$100,000 in order to consummate the purchase of this property and to return to the water-revenue fund the amounts advanced by the board. Upon the recommendation of the City Council, after due consideration of the subject, promptly called a special election, the object of which was to authorize the city to issue bonds for the purpose of voting a million and a half dollars for the purpose of completing these purchases, making such additional expenditures as might be prudent, and commencing the work of construction. We think it probable that no proposition ever submitted to the voters of any community was more enthusiastically received or more generally supported than this. Out of a total vote of 11,542, 10,787 were for and 755 against the issue of the bonds. The result of the election is the more remarkable when it is remembered that it virtually committed the city to an expenditure of more than \$1,000,000, the estimated cost of the entire project. But, while the voters of the city indicated, in this unmistakable manner, their approval of the proposed plan for obtaining an additional water supply, and their readiness to proceed with its execution, it has been deemed wise, before the city should authorize the issue of other bonds for this purpose, to have the plans passed upon by a view of an independent expert, of national reputation, and negotiations are now being conducted with a view of engaging such expert for this service.

The Owens River is fed by numerous creeks and springs created by melting snow on the high peaks of the Sierras. The attractiveness of the Owens River basin as a source of water supply is greatly enhanced by the fact that the Los Angeles River can hardly be depended upon to yield more than 200 inches of water a constant flow, for the use of the city.

While the chief value of this project is the abundant supply of water which it will afford, it is also a source of power for the city, yet we feel that mention should be made, at this time, of the opportunities which will be afforded by the development of electrical power along the line of the water conduit. The elevation of the level of the water on Owens River where the city will probably establish its first diversion works is about 3800 feet, or more than 200 feet above the elevation of the City Hall. It is estimated that, from the fall of the water at points along the line, a large amount of power might be developed, so that the city would have, from this source, after lighting its own streets, perhaps a surplus of power available for domestic and other purposes. It is easy to perceive that the amount of revenue that might be derived from this source, together with the net income of the water department, would be sufficient to meet the whole, at least a substantial part, of the indebtedness to be incurred by the city in completing this project. It seems to us that the importance of the Owens River project to the city of Los Angeles cannot be overestimated. Not only does it present sources of water supply inadequate to meet the additional demands that will result from the rapid increase in the population of the city, but observations made at various points in Southern California show that the water supply is becoming exhausted. The entire surface flow of all streams in the territory under the jurisdiction of the State is being rapidly depleted, and in Southern California the water plans in these gravel beds have, within the last few years, fallen to a depth of a hundred feet. It is therefore apparent that, without an additional water supply, not only must the marvelous growth of which the city is so justly proud, cease, but the comfort and safety of the present population would be seriously menaced.

The pueblo of Los Angeles was founded on the site of the present city for the reason that the stream, known as the Los Angeles River, afforded an ample water supply, both for domestic use and for irrigation. Much of the growth of the city is dependent upon the availability of this water supply. The water supply drawn from the Owens River, so will the new Los Angeles which will follow the bringing its water supply from the Owens River Valley be greater than the present city.

Before closing this report, we deem it proper to refer to the fact that Mr. Frederick Eaton should be ascribed the credit of originating the idea that the city should go to the Owens River Valley for its water supply, and we acknowledge with pleasure our sense of the value and importance of his services in connection with the inauguration of the Owens River project.

Very respectfully,
(Signed)

CHEERFUL BLIND ONES.

Club Composed of Those Who Cannot See Dark Days Holds First Celebration and Meeting.

A quantity interesting and unique social function was held last night at the home of W. L. Ramsey, No. 1922 First street, when the initial meeting of the Blind and Deaf Club and Beneficial Club was held. In addition to the fifteen members of the organization there were fully thirty friends and relatives present in the gaily decorated house. The club was organized about two weeks ago. Its object is the mutual assistance of the blind who are unable to help themselves. Many of the members are blind and deaf and in position to help others less fortunate.

The evening was pleasantly spent with music and recitations. Mr. Ramsey has an excellent phonograph which played the accompaniment for well-known airs to the hearty singing of the blind guests. Mr. and Mrs. Ramsey had prepared an excellent luncheon and following it, Rev. Baker and wife, the noted blind evangelist singers rendered many of their popular songs. This aged couple were the center of the entertainment.

The officers of the club are Frank Slater, president; W. L. Hopkins, first vice-president; W. H. Salada, second vice-president; T. W. Collins, treasurer. The club will meet on the third day of each of the months.

ANOTHER CLERK AMASSES STOCK.

JOSEPH K. AIKEN ACCUMULATES FORTUNE.

Receives Large Amounts from the Coal Companies on Account of His Position in Office of the Pennsylvania Railroad With Only Moderate Salary—Boyer is Discharged.

(BY THE ASSOCIATED PRESS.—A.M.) PHILADELPHIA, June 1.—Testifying before the Interstate Commerce Commission today, Joseph K. Aiken, who had been chief clerk in the office of the superintendent of the Monongahela division of the Pennsylvania Railroad, revealed almost as startling evidence as that given by Joseph Boyer before the commission yesterday. On a salary which he said varied from \$30 to \$125 a month, Aiken had purchased stock in different coal companies amounting to nearly \$75,000.

Criticizing having received gifts of cash from coal operators on the Pennsylvania lines, and also had received \$50 a month for several months from a company store.

Mr. Aiken, at the outset, showed a disposition to spar with Attorney Glasgow. After almost every question he would stop to reflect, cast his eyes upon the ceiling and then answer the question before answering. He told of large coal company interests, which he said he had purchased with his own money. When Mr. Glasgow wanted to know how he got the money, he answered: "By judicious investment of my salary."

In 1926, witness turned a profit of \$20,000 by selling an option on coal lands to the Pittsburgh and Buffalo Coal Company.

Witness confirmed the testimony of Joseph B. Boyer, who said yesterday that Aiken had paid him five cents a ton on coal which the Darrick Coal Company furnished to the railroad, for which Boyer worked.

Mr. Aiken candidly admitted that the money was given Boyer for the business which Boyer could give. Mr. Aiken has received \$250 from coal companies because his position with the railroad made him valuable to the coal companies. Witness said he owned 500 shares of the Branswell Coal Company, for which he paid \$25,000. That is at the rate of \$50 a share, but the company's books show that \$100 per share was paid. Mr. Glasgow asked that the books be produced. That price, but he doubted that that price had really been paid.

Charge of flagrant discrimination in the distribution of cars by the Pennsylvania Railroad were made by G. L. Potter, president of the Donohue Coal and Coke Company, a Westmoreland county, on the Alexandria branch of the Pennsylvania Railroad.

Mr. Potter said he had 1000 mine capacity of the company was 700 tons a day, and the railroad's rating was 500 tons. In 1926, the actual capacity was 1400 tons, and the rating 500 tons.

Joseph Boyer, the Pennsylvania Railroad employe, yesterday testified before the Interstate Commerce Commission to having received large sums of money and other gratuities from the coal companies which supplied the railroad lines, was today discharged by the commission.

Boyer was chief clerk in the office of A. W. Gibbs, superintendent of motive power.

New light was shed today on the motives leading to the abolition of freight rebates by the railroad when James McCrea, first vice-president of the Pennsylvania Company, appeared before the Interstate Commerce Commission. Mr. McCrea favored publicity of the rating of mines and the distribution of cars.

He surprised the commissioners by announcing that for nearly two years and up to the time of Pres. Cassatt's recent departure for Europe the board of directors of the Pennsylvania Railroad, of which he is a member, had been considering means for eliminating the private car. He declared that the company has concluded that the use of these cars is unwise.

Toward the conclusion of his testimony, Mr. McCrea asked Mr. McCrea to stop rebating.

"Just as soon as we got control of the Pennsylvania Railroad; that was in 1888," he declared.

He declared that the directors of other roads were pleased with the idea of abolishing rebates when the subject was brought forward for discussion. Mr. McCrea admitted finally that the rebating stopped when the community of interests plan started. He asserted that the rebates were never so fairly treated as now. He has stable rates and is placed in a fair position with his competitors.

There were other interesting developments during the session, which was protracted until 5 o'clock.

S. F. Potter, president of the Donohue Coal Company, charged that the Pennsylvania Railroad had practiced gross discrimination in the distribution of cars to his company. One car a day was his allotment for seven months, he declared.

HEAR PACKERS' REBATE CASES.

KANSAS CITY JURY LISTENS TO EVIDENCE.

The Armour, Swift, Cudahy and Nelson Morris Companies Have Charges Consolidated as the Matter May Be Tried as One Affair, the Decision to Affect All Equally.

(BY THE ASSOCIATED PRESS.—A.M.)

KANSAS CITY (Mo.) June 1.—The cases of the Armour, Swift, Cudahy and Nelson Morris Packing Companies, under indictment on charges of accepting rebates from the Burlington Railroad on export shipments of products starting from the Missouri River, were resumed in the United States District Court here this morning before Judge Smith McPherson.

On Tuesday last, Atty. Van Valkenburgh and counsel representing the defendants, agreed to consolidate the four cases for trial purposes, the issues in each case being practically the same. Judge McPherson gave both sides until this morning to prepare an agreed statement of facts. Both the Government and the defendants were ready this morning with the statements.

Before court convened A. S. Valkenburgh said:

"The statement will be read to the jury and then the court will instruct it as to the law in the case. The usual arguments will then be made on the case submitted for a verdict. No witnesses will be examined. The case probably will go to the jury during the day."

The statement was read without delay, and the statement of facts was read. The arguments then were begun.

The statement read to the jury was that of the Government. The Cudahy Packing Company and is identical with the statements in the cases of each of the other three defendants.

The statement recites that the Burlington Railroad had at the time that the alleged offense was committed entered into a traffic arrangement with the Kansas City Southern Railway Company, the Toledo, St. Louis & Western, the Grand Trunk Western Railroad, the Reading Dispatch and the Lehigh Valley Railroad for shipments from Kansas City to New York.

It is set forth that the Burlington entered into a contract with the Cudahy packing company by which it agreed to carry packing-house products from the Mississippi River to New York and to the New York market. The contract was made on or about December 31, 1925, but that upon August 6, 1926, the Burlington and its connecting railroads filed with the Interstate Commerce Commission an amendment to their tariffs, making a rate upon said shipments of 25 cents per 100 pounds.

Upon September 14, 1926, it is stated, the Burlington accepted from the packing company for shipment from Kansas City to New York and thence to Germany a consignment of lard for a rate named therein, which included the charge or rate of the steamship line.

German Mennonite Settlement Suffers from Visitation and Several Buildings Are Destroyed and Number of Persons Injured—Three More Deaths Reported from Wisconsin.

(BY THE ASSOCIATED PRESS.—A.M.) HILLSBORO (Kan.) June 1.—Word reached here today of a tornado last night at Goesel, a German Mennonite settlement fifteen miles southwest of here. Several persons were seriously injured, and the largest stone house and several dwellings were destroyed. Doctors have gone from here to render assistance. Over six inches of rain fell here.

Goesel was practically destroyed. About eighty persons were injured. The most serious hurt were Katie Hendricks, aged 12, leg broken; Henry Ratslaff, a farmer, hurt internally; may die; Dr. Peter Richter, injured about head; Rev. John Toevs, leg broken.

The tornado laid waste a strip a hundred yards wide. Several stores and private residences were demolished and every residence in town was damaged.

TORNADO LIST GROWS.

CLOUDBURST IN PENNSYLVANIA.

(BY THE ASSOCIATED PRESS.—A.M.) JOHNSTOWN (Pa.) June 1.—Houses, a town eighteen miles north of here, was visited by a cloudburst early today and Stony Creek rose to eighteen feet in a short time. The lowlands are inundated but the damage does not exceed \$25,000. No fatalities have been reported.

TOWN INUNDATED.

(BY THE ASSOCIATED PRESS.—A.M.) LATROBE (Pa.) June 1.—A storm assuming the proportions of a cloudburst, swept Chestnut Ridge near Boggaley, near this city. The bridge spanning Nine-Mile Run was carried away and the bridge formed a dam, the town, which lies between spurs of the bridge, was completely inundated.

Torrents of water from the mountains threaten the destruction of the Boggaley reservoir and the people are camping on the hills.

INSURANCE INDICTMENT.

New York Grand Jury is Said to Have True Bills Against Officer of Mutual.

(BY THE ASSOCIATED PRESS.—A.M.) NEW YORK, June 1.—Indictments against only one person are to be found by the special grand jury which has been investigating the affairs of the Mutual Life Insurance Company, according to information obtained yesterday at the criminal courts building.

That person formerly was a high official of the Mutual. He is to be indicted for forgery and there will be several indictments of that character which he will have to face.

The indictment is based on the diversion of funds from the Mutual Life Insurance Company and of false entries in the books which were made to cover up illegal use of the money of the policy holders.

YANKEE NINE FORMS UNIT.

NEW ENGLAND SOCIETIES IN BIG FEDERATION.

Judge Waldo M. York Chosen President of the New Organization, and the Executives of Individual Bodies Will Act as Vice-Presidents of the New Society

Nine New England "State Societies" in one splendid amalgamation—this is the result of arduous work on behalf of two or three enthusiasts, and the final result of the general meeting held last night in Blanchard Hall. Although there are not many New England States—as even a California school boy is presumed to know—there are nine distinct societies, Pasadena and Los Angeles, for instance, have individual Maine and Massachusetts societies.

Rhode Island, whose organization is not perfected as yet, will come into the body by general consent of the others. Last evening's session completed the work of organization. The body ratified the constitution, elected a president, nine vice-presidents, a secretary and an assistant, and a treasurer.

Judge Waldo M. York, chairman of

the meeting, was chosen president by acclamation. He accepted the position in a brief speech of modest thanks. The presidents of the nine societies will become vice-presidents of the federation upon signing the constitution.

Mr. Fuller, of New Hampshire, was

chosen secretary. The assistant secretary is L. W. McClure, who acted as secretary of the temporary organization.

H. W. Chase, who was not present,

was chosen as treasurer, his election being unanimous. Mr. Chase has been one of the principal workers for federation, and has gone into his own pocket to meet the needs of the organization. The funds expended toward this end, he was unavoidably detained last night, and was named for the place by the president, Judge York.

About 400 persons were present at the

session of the organization, and the greater part of these signed the new constitution, thus becoming members. An interesting programme accompanied the election of officers. It included an address by Dr. W. A. Lamb, a song by Mrs. E. V. Fuller, a talk by W. A. Andrews, an original poem by O. P. Smith, a recitation by Miss Jessica M. York, a song by Mrs. Elmer F. Woodbury, and remarks by the various State society presidents.

HEAT DISTRESSES EAST.

NEW YORK, June 1.—Signs that the campaign of the heat against vitality has been begun were observed throughout the city yesterday and one death and several prostrations were reported. Government records showed a maximum temperature of only 83 in the upper regions, yet sidewalk temperatures were taken which revealed a maximum of 92. Although yesterday was the second hottest in the year it was attended with more distress on account of the humidity. The rain at night tempered the air considerably, although by 9 o'clock a temperature of 78 deg. was indicated.

CONSOLIDATION PUBLICLY EXPLAINED.
Speakers at Municipal League Banquet Make the Scheme Plain to Outside Delegates and Clear Away Some Misunderstandings.

THE Municipal League was primarily responsible for an experience meeting held last evening over banquet tables at Levy's. The Consolidation Commission attended in a body, and there were present brethren from Pasadena, Long Beach, San Pedro and other parts of the county. It was probably out of delicate deference to the idiosyncrasies of Pasadena and Long Beach that the only beverage served with the dinner was rare old H2O of the vintage of 1906. That the compliment was appreciated was attested by the fact that at the end of the banquet every bottle on the tables was empty, and not a Pasadena or Long Beacher showed the least sign of overindulgence. The effort of the meeting was the

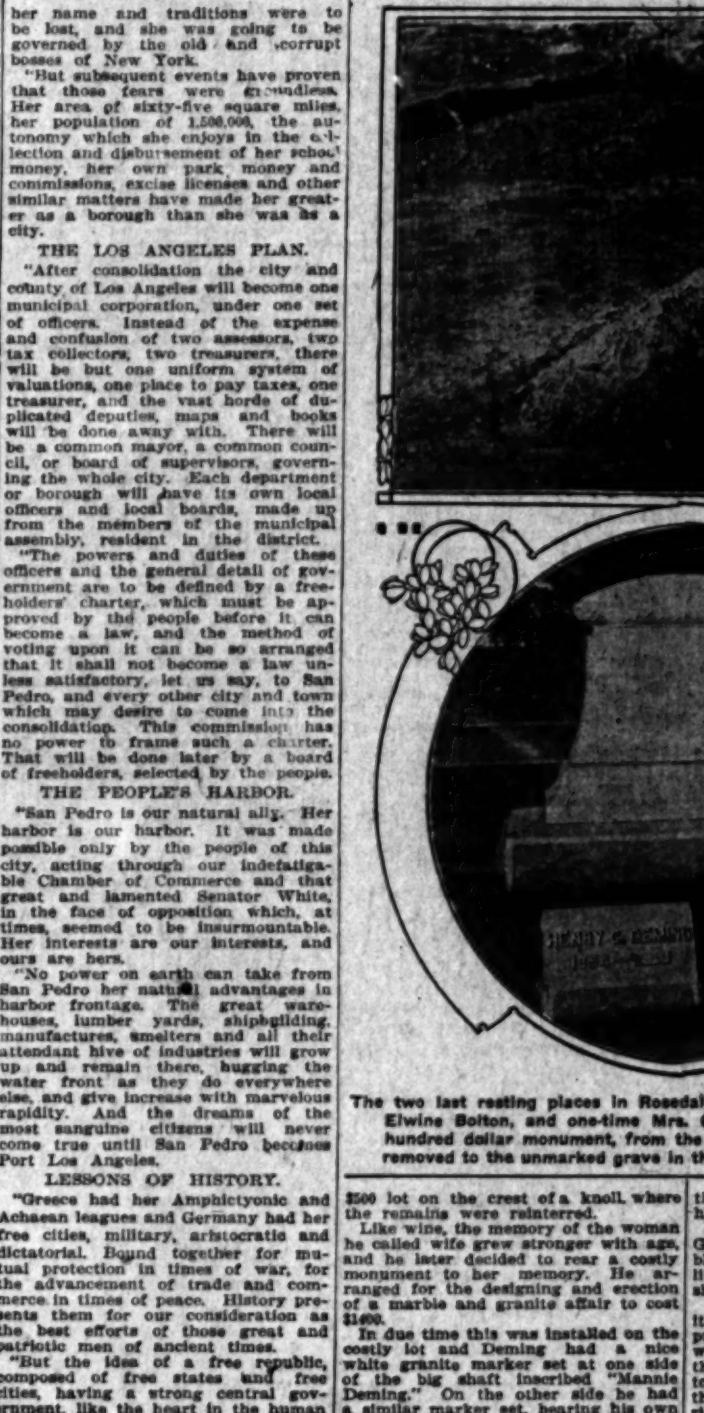

merce. He pointed out that there is nothing new nor revolutionary in the plan; that San Francisco consolidated in the 1850's; that London, in 1855, consolidated her corporation with the Metropolitan Board of Works and thirty-eight vestries and district boards; that Paris is a consolidation of local bodies, each having a mayor and local self-government; and that New York, Chicago, Louisville and Denver have found it beneficial to all concerned to amalgamate the machinery of government.

LONDON'S GREATNESS.
Judge Dillon quoted from the report of the Royal Commission of 1894, selected to recommend a plan for the complete municipal unity of the metropolis, as follows:
"A consideration of the evidence we have received confirms the opinion

BREAKS FINAL REST OF ONE ONCE DEAR.
Last Mate of Woman Thrice Wed Removes Body from Costly Grave and Cuts Name from Monument When Second Husband Bobs Up.

THE spading up of a grave and the removal of the remains of a woman whom three men had called wife, from a costly plot in the choicest portion of Rosedale Cemetery, to an unmarked and uncare-for grave in the poorest portion of the burying ground, mark the closing chapter in a romantic tale that had the width of the continent and three States for its setting.

When Mrs. H. C. Deming, alias Mrs. Elvina Bolton, and one time Mrs. Gamble, died in this city in July of 1902, her husband, or the man who thought himself such, purchased a \$300 lot at Rosedale and there the interment took place. Some time afterward, when time had sweetened her memory, he decided to secure a more costly burial plot, and purchased a

her name and traditions were to be lost, and she was going to be governed by the old and corrupt bosses of New York.

"But subsequent events have proven that those fears were unfounded. Her area of sixty-five square miles, her population of 1,200,000, the autonomy which she enjoys in the election and disbursement of her school money, her own park money and commissions, excise licenses and other similar matters have made her greater as a borough than she was as a city.

THE LOS ANGELES PLAN.
"After consolidation the city and county of Los Angeles will become one municipal corporation, under one set of officers. Instead of the expense and confusion of two assessors, two tax collectors, two treasurers, there will be but one uniform system of valuations, one place to pay taxes, one treasurer, and the vast hordes of duplicated deputies, maps and books will be done away with. There will be a common mayor, a common council, or board of supervisors, governing the whole city. Each department or borough will have its own local officers and local boards, made up from the members of the municipal assembly, resident in the district.

that she had never been divorced from him.

The suit was thrashed out in Judge Gibbs's court, and the son, Fred Gamble, testified that his mother had been living with Deming as his wife while she still was the wife of Bolton.

The property of the Bolton woman, it seems, had been given her, or rather put in her name, by Deming, and when it finally was decided that as the husband of the dead woman Bolton should have half of the estate, and the "second husband" of the departed one rightfully belonged to Bolton, Deming rebelled and began operations on the costly cemetery plot.

Deming has married since the death of his supposed wife, and is now living in Los Angeles in wedded bliss, but at that time he had had no leaning upon the rebellion of Deming.

EARLY CLOSING.
Hamburger's Big Department Store Will Take the Lead—Summer and Winter Arrangement.

There has been a movement for a general early closing of the principal retail stores, and it is understood that quite a general arrangement will be made. A. Hamburger & Sons are first in the field with an announcement. They announce that, beginning July 1, their great department store will close Saturday afternoons at 1 o'clock, in order to give their employees a half-holiday, the schedule to be in effect till September 15, and after that date the store will close every Saturday afternoon at 8 o'clock—open no more Saturday evenings.

WIGGINS AWAY TILL AUTUMN.
Publicity Expert Will Have a Busy Summer on the Board Walk at Atlantic City.

Frank Wiggins will probably remain at Atlantic City until September. Letters from him to the Chamber of Commerce indicate that there is much work to be done, and that it will take an exhibitor to do it. Accordingly, his assistants here do not expect to see him until autumn—although his prodigious activity might possibly result in a run across the continent before breakfast, and a return in the afternoon.

The first car of materials has arrived there in good condition, and the exhibits are now being installed. More are expected daily, and the display will be larger than at first planned.

Both Mr. Wilson and Mr. Wiggins have every minute of their time well taken up. It is work seven days in the week—morning, afternoon and evening. Railways and Sundays are the busiest of all, for then the great crowds from New York come down in an endless procession to the famous Board Walk.

clearing up of some misunderstandings and the establishment of amicable relations between the Consolidation Commission and some of the communities which have feared that their local identity was in some vague way, menaced by its deliberations.

IMPORTANT SUBJECT.
J. O. Koepsfl, president of the league, welcomed the guests and explained the purpose of the meeting. "The subject of city and county consolidation," he said, "is of great importance to the whole country, and this meeting was called in order that we might all understand the question. The league thinks the time has come for a better understanding between the cities, towns and villages affected by the proposition, and the Consolidation Commission has been invited to enlighten us. In order to spread the information, we have asked the other towns to send representatives here, and we are glad to welcome them."

President Koepsfl then called upon President S. A. Butler of the Consolidation Commission to open the discussion.

MR. BUTLER OPENS.
S. A. Butler, president of the Consolidation Commission, told of the difficulty of formulating a plan and explained how considerable time was taken in going over the law in the case. He said there had been no time to present the consolidation question to the outside cities before leaving for San Francisco to present the necessary constitutional amendments to Gov. Pardee.

CITY-COUNTY CONSOLIDATION PLANS.
Ex-Judge H. C. Dillon presented the city and county consolidation project as spokesmen for the commission appointed by the Supervisors, City Council and civic bodies to consider the feasibility of the proposition, and formulate a plan for presentation to the people of Los Angeles county.

The speaker reviewed the causes which led to the inception of the project, such as the phenomenal growth of Los Angeles and its environs, and the needs of a great city for an ample water supply and a harbor to accommodate its increasing com-

EVENTS IN LOCAL SOCIETY.

Miss Edith Campbell, who has been lately the last of the guests of honor at a card party given by Mrs. H. Peckham, No. 227 West...

Miss Darling Weds. Miss Edith Campbell and Edison Benedict were married on Wednesday afternoon in the First Baptist Church, Rev. J. M. Schaefer officiating.

Miss Gregory Engaged. Miss Lucille M. Dixon of No. 1290 Arapahoe street entertained with an affair on Wednesday evening, announcing the engagement of Miss Elizabeth A. Gregory of the city and Arden Beecher Clarke of McPherson, Kan.

Miss Gregory is a daughter of Rev. and Mrs. Uriah Gregory of No. 1057 West Thirty-sixth street. She is a teacher in the Vermont-avenue school, where she is most popular. The wedding is to take place in the First Baptist Church on the evening of June 25.

The announcement was made in a clever manner. Prize games were played and on each of the tables were white hearts, to which were attached smaller ones of pink, violet and blue, pierced with golden arrows. A little later slips of paper on which the date, June 25, was engraved, were passed about and the guests were requested to guess what event could take place on that day.

At the close of the games in a jolly and pretty little speech, Mrs. Willis M. Dixon, mother of the bride, announced the engagement. Prizes for the games were a water-color violet picture and a cup and saucer for the girls, and a rose picture and a stein for the men.

All the prizes were the brainwork of the hostess. The home was appropriately decorated for the occasion. The living-room contained garlands of red hearts and greenery, and white flowers were effective. Pink roses and pink sweet peas graced the parlors, and in the Dutch dining-room, where supper was served, blue hearts and blue cornflowers were combined. Miss Dixon was assisted in entertaining by her mother and Mrs. D. A. Meekins.

Guests were Dr. and Mrs. Charles G. Silvers, Mr. and Mrs. J. Hepson, Mr. and Mrs. P. H. Nichols, and Miss Ida Le Noir, Ida Underhill, Belle Crowell, Jennie Glass, Leta Horlocker, Clara French, and Messrs. Rodney D. Clark, E. K. Koyser, W. C. Batchelor, A. J. Copp, Jr., and Clem Glass.

Miss Gregory and Mr. Clarke have chosen their residence at 1290 Arapahoe street. Miss Belle Crowell, Miss Lucille Dixon and Ida Underhill are to be bridesmaids. Rodney Clark is to be the best man and ushers will be Dr. Samuel T. McKinley and William G. Batchelor.

Love-Bean Wedding. Yesterday at noon at the residence of Mr. and Mrs. Arthur St. Clair Perry, No. 132 Newton street, was solemnized the wedding of George Pearson Love and Kittle Alice Bean, Rev. W. A. Brown of the Vernon Avenue Methodist Episcopal Church officiating.

The bride was given away by her father, Mr. George Love, and the ceremony was performed by Rev. W. A. Brown. The wedding party consisted of the bride, groom, bridesmaids, best man, ushers, and a large number of guests.

Receives Pearl Necklace. Mrs. R. G. Bussinius of No. 258 East Avenue 11, entertained a complimentary party to the Native Sons and Daughters. Her bungalow home on the bank of the arroyo was converted into a bower of gold with California poppies. Mrs. Bussinius was assisted by her mother-in-law, Mrs. J. S. Bussinius, her sister, Mrs. Eddie Rios, and her daughter, Misses. Mrs. Bussinius was recently returned from Milan, a pianist, Miss Opal McClary, who sang, and Rosendo Cruchuro, a blind musician. Miss Ethel Belcher acted as accompanist. During the afternoon Mrs. Bussinius presented with a handsome pearl necklace, the gift of La Esperanza Parlor.

Leave for Chicago. Mr. and Mrs. M. H. Flint, Miss Hatfield Bradford and Leo V. Youngworth left yesterday for Chicago, where they will go to attend the Shrine convention. Among others who aided in making the afternoon enjoyable were J. Carl Brunson, recently returned from Milan, a pianist, Miss Opal McClary, who sang, and Rosendo Cruchuro, a blind musician. Miss Ethel Belcher acted as accompanist. During the afternoon Mrs. Bussinius presented with a handsome pearl necklace, the gift of La Esperanza Parlor.

Notes and Personal. Mr. and Mrs. John F. Gibbons and Miss Gibbons of New York are at Hotel Alexandria. Dr. A. Southworth and family, No. 126 Magnolia street, left yesterday for a visit of several months in Indiana and Ohio.

Birthdays. Cards have been issued for a pretty little party in honor of the fourteenth birthday anniversary of Miss Almo M. Von Der Loh, daughter of Mr. and Mrs. J. H. C. Von Der Loh of No. 131 West Washington street. The affair will be held tonight and the home of the Von Der Lohs has been prettily decorated in honor of it. About twenty of the young people of the southwest district will be present.

Sad News Here. Word has been received from Mrs. Abella Creel, daughter of Enrique Creel, Governor of Chihuahua, of the sad loss of her little son from diphtheria. Mrs. Creel, with her little son, visited here last summer and was cordially entertained.

For Miss Owen. Miss Cotta Owen, one of the June brides-to-be, has been the subject of much social attention during the past few weeks. She is a member of the Theta Delta Sorority and several of the members have given different showers in her honor. Miss Maude

RIOTS INCITED BY UNIONISTS.

Governor Blames Federation for Cananea Outbreaks.

Denver Agitators Made Tools and Catapults of Miners.

Junta Scattered Firebrands Among Lawless Mexicans.

Special Correspondence of THE TIMES. CANOA (Ariz.) June 8.—Careful inquiry into the causes of the recent riots at Cananea shows that it is an incontrovertible fact that their inception can be charged to Americans of no other than the most lawless type. The inquiry also developed the fact that the same riots were checked by Americans, who stood manfully in the defense of the Mexican government and of life and property.

It was an odd situation, where aliens were relied upon to uphold the honor of the government of the land wherein they were temporary residents. Their actions were sufficient evidence of their good faith, and in themselves sufficient refutation of the lies that had been scattered along the border that a movement was on foot in Northern Sonora looking toward annexation to the United States. Whatever of revolutionary spirit was shown was upon the part of an element of the Mexican population.

FEDERATION TO BLAME.

Yet the start of the whole deplorable tragedy, according to well-informed residents of Cananea, has proceeded out of the work of men understood to represent the Western Federation of Miners. Gov. Yaguel daily charges the Federation with entire responsibility for the riots, and the fact that the Federation has passed resolutions commending the strike has served to confirm this belief in Mexican officialdom. The Denver agitators were in Cananea only a short time, being invited to leave as soon as they began to act openly in their attempts to unionize the thousands of Mexican miners. But Mexican understandings were left behind, to keep stirred up the unrest that had been aroused. Curiously enough, the greatest support to the movement inaugurated by the Denver agitators was given by Mexican element which had nothing in common with unionism, but which seized upon the expression of dissatisfaction with existing conditions to serve its own ends. The Mexican miners who struck, who fought and died, were merely the tools and catapults of men of whose purposes they knew nothing, purposes selfish and unpatriotic.

ORGAN OF ANARCHY.

The "labor" agitation at Cananea fell into the hands of anti-Diaz Mexicans, possibly chosen because of their opposition to the present enlightened government of the republic. The same element has been maintaining a sort of revolutionary center at Douglas, where there has been published a little Spanish sheet, that has been a veritable circulation south of the border.

At the head of this junta were a lawyer, Placido Tera, and one Benitez. They organized branches of the junta in several of the camps of the Cananea region, and distributed sedition tracts, ostensibly based only upon an agitation for better wages, yet, incidentally, striking at Diaz. Though the Greene Company is the most liberal, as well as one of the largest employers of labor in the republic, the miners were cowed into the belief that they were being badly used and underpaid, and the strike was the result and bloodshed the outcome.

OUTBREAK INCITED.

One of the circulars that were thrown broadcast and pasted on walls the night before the first outbreak has been translated. The circular reads: "Mexican Workmen!"

"A GOVERNMENT elected by the people to guide them and satisfy their necessities in all requirements: This Mexico does not possess."

"On the Other Hand"

"A GOVERNMENT which is composed of ambitious persons, who criminally contemplate oppressing the people, being elected by the worst of them in order that they might assist them in oppressing themselves. This MEXICO DOES NOT NEED."

"PEOPLE, arouse yourselves and AGIT. LEARN that which you seem to have forgotten. Conspire and discuss your rights. DEMAND the respect that is due you."

"Every Mexican whom the foreigners despise, is worth just as much as, or more, than those foreigners. If he will join with his brothers and CLAIM his rights."

"CURSE the thought that a Mexican is worth less than a Yankee; that a negro or Chinaman is to be compared with a Mexican. That this is a fact is the result of the very bad government, which gives the advantages to the adventurers rather than to the true owners of this unfortunate land."

"MEXICANS, AWAKEN! The country and our dignity demand it. Cananea, June 1, 1932."

MINERS EXCITED. Such a circular would be laughed at in the ordinary mining camp within the United States. But the Mexicans, unused in the ways of labor agitation, attached importance to it and dropped their tools. It is possible they are undecided now, but the killing of scores of relatives and friends, including several of the women, assuredly has not served to restore the kindly feeling that but lately existed between the Greene Company and its workmen. There will be sporadic outbreaks of violence, and it will be long before the hills will be as safe to the wayfarer as they were.

More and more miners are going to work, as the influence of the agitators wanes and the stock of labor diminishes. It is understood, as well, that Gen. Torres has given the population to understand, most distinctly, that use of or marking is work, and that all who refuse to labor will be drafted into the Mexican army and sent to fight the Yaqui Indians. The general has refused to listen to delegations of workmen. He declares that they had no grievance of any importance, and advises that their wages be increased not a single centavo. He also has made some very pointed references to labor unions and their methods.

GOVERNOR UPHELD.

There seems little prospect that the Mexican government will make complaint over the invasion of its territory by armed Americans from El Paso. It is claimed at Cananea that Gov. Yaguel has received a message from President Diaz commending him for his actions, which would include the incident of the admission of the Americans. There seems to be the most friendly feeling among the Mexican

officials toward Americans in general, and the Governor has repeatedly denied that the riots were caused by any race hatred toward Americans. Gov. Yaguel has had published a list of the dead in Cananea. It contains the names of twenty-three Mexicans and five Americans. Inasmuch as clear-headed Americans declare that they saw twenty-six Mexican bodies on one field of battle and that nineteen were borne away from another, plus four in the Metcalf fight, with much "sniping" besides, the Mexican list is believed to be greatly incomplete.

The Americans known to have been killed are the two Metcalfs, an unnamed man who hid behind the lumber yard safe and was burned to death; Carl Hagler, killed in the Union Hotel by a volley fired by the mob into that building; Leroy Rush, struck while standing in front of a saloon; a carpenter named Kuhler, who was set upon as he was walking home after working on Col. Greene's private car, and Bert Lockie, who was stoned to death.

Scores of Mexicans were wounded and probably many of these have died since. Only yesterday three Mexicans were shot and killed by rurales at the Greene concentrator. Six of the strikers had opened fire upon American workmen at the ore bins below, but were surprised by the officers before they had done any damage. They left two sticks of dynamite behind.

POLICE SEIZE FIREARMS.

The rurales and police have completed a careful search of all the Mexican houses, the haul being 400 firearms of many different varieties. The Americans have stacked their arms under guard at Greene's residence, where they will be kept safely against the time of further need.

The Mexican authorities are indignant over the treatment that has been given them by some of the American newspapers and, as a consequence, the notorious yellow journals will not be allowed to enter Cananea for an indefinite period of time. This is by regular order of Gen. Torres, who directs that such newspapers be confiscated and destroyed.

STOLEN NOTE.

WILSON IS ARRESTED IN NEW YORK CITY.

Clark of the Title Guarantee and Trust Company it is alleged he absconded with a sum of Twenty Thousand Dollars of the People's Money.

P. Wilson, the absconding clerk of the Title Guarantee and Trust Company, who dropped out of sight December with about \$12,000 of the company's cash, has been arrested in New York City and will be sent to Los Angeles for trial.

A signature on the back of a check which Wilson induced and cashed in New York, the money clerk was found and nabbed when he was not yet secure. The note was for the man's undying was a check of deposit for \$100,000 in the name of Thomas Poolan on the Bank of Montana. Wilson was in the city, but as the company in this city, but as the man was about to leave for Honolulu he kept the note in his possession.

Wilson left this city under a cloud and was allowed to become known to the public. Now it is known that he went directly to New York where he has been ever since.

The money was made negotiable by the endorsement of "C. R. Wilson" and this signature proved the check was cashed. After the money was cashed in New York the company in Los Angeles was notified and the money was traced to the bank where it was handled and the money was found its way to the hands of the clerk of the Title Guarantee and Trust Company in Los Angeles.

The money was worked at the bank where it was handled and the money was found its way to the hands of the clerk of the Title Guarantee and Trust Company in Los Angeles.

BOY VIOLINIST.

In the account Wednesday of the school concert given by the school children at Manual Presbyterian Church, one of the soloists, Master Jaime Whitson Overton, violinist, was overlooked. This youth, though still in knickerbockers, is credited with being a wonderful performer. His selection was the first movement of De Berlioz's Seventh Concerto, a very difficult thing, and the technique, breadth of tone and musical temperament exhibited by him was surprising.

BRAVELY TRIES TO STOP TEAM.

SENSATIONAL RUNAWAY IN PASADENA CITY.

Chinaman's Horse Start in Mad Flight and Mounted Man Rides in Pursuit, Not Heading Flying Weight Attached—Police Are Battered by Hours of Appearing in Court.

Office of The Times, No. 218 S. Raymond ave., PASADENA, June 2.—Allan Green, one of the proprietors of Green's saddle livery stable, made a sensational attempt to stop a runaway this morning. The trouble occurred on Marengo avenue, at a time when the street was filled with pedestrians, and the daring rider's efforts to stop the maddened horses were applauded by a score of people.

The trouble was all caused by a team of brown horses belonging to a Chinese vegetable man and hitched to a light spring wagon. They started to run while their driver was in a house disposing of his wares, and, before passers-by realized what had happened, they were tearing down the street in a mad race.

They were powerful animals, and the heavy hitching weight with which they were fastened did not appear to hinder them in the least. There was a mad scramble for the sidewalk as the rig tore down the street, and no one made any endeavor to stop the runaway until Green came running out of his house.

Paying no heed to the flying hitching weight, which was dinging along on the ground and threatening to damage his legs every moment, he rode alongside of the frightened animals, and, reaching over the back of the near horse, secured hold of the reins.

He endeavored to bring the team to a standstill, and for two blocks held onto the reins, but the animals were too powerful for him, and simply dragged the horse on which he was mounted along with them.

Before he let go, however, he managed to turn the heads of the runaways into a telephone pole, and their career was brought to an abrupt stop.

The wagon was smashed and one of the horses was somewhat scratched, but no serious damage was done. The rig belongs to Ching Yee.

HOURS BOTHERED POLICE.

Judge McDonald has inaugurated a new rule in the Police Court, which does not permit the unqualified approval of the police department. Heretofore it has been the custom in the case of drunks and other like offenders, to allow the arresting officers to make out the complaint and leave it to be produced in court in the morning.

According to the new rule, all officers must appear personally in court and swear to their complaints.

Officers who are on duty during the day do not object to the new rule, but those who are simply forced to leave their beds for a few minutes and go to court, but the members of the night shift, who do not leave the Police Station until 6 o'clock in the morning, do not see the joke of coming back downtown at 8 o'clock, which they are obliged to do unless they see fit to lay down until after court has convened.

The members of the night patrol insist that they shall be allowed to go home to bed when their night is over, and apparently intend to do so. Where the charge is a felony, the matter takes a different phase, but they do not care to put themselves out in the case of every violator of some minor city ordinance.

Judge McDonald is very particular about observing the letter of the law as well as the spirit, and during his service as Assistant City Attorney he has insisted on receiving all complaints through from start to finish. He is perfectly willing to meet the police half way in the matter, and it is stated that he has volunteered to come down to the Police Station at 6 o'clock in the morning when there is a case that requires his attention, but he insists that he be sworn to personally.

It has been suggested that about the only thing left for the policemen to do, if they do not wish to go through the legal red tape demanded, is to stop making arrests in the "we are" hours of the night. The new order, it is said, is to effect Monday morning, and as there have been no night arrests since then it is not known what action the officers will take.

SAN PEDRO PRISONER MAKES A STRANGE CONFESSION.

Tells Justice He Supports Wife and Children in Harbor City and Another Spouse and Little Ones in Los Angeles—Customs Report for May Shows Heavy Shipping of Port.

SAN PEDRO, June 2.—During the trial before Justice Downing today of Octavio Chacon, arrested for disturbing the peace, the defendant admitted that he has been for some time maintaining two families, one in this city and the other in Los Angeles.

"Are you sure, Chacon, that you have only two families?" inquired Justice Downing.

"Sure, only two, no more," replied Chacon, who is an Aztec.

The complaint against Chacon was sworn out by Cruz Sanchez, a Spanish resident of this city, who charged that Chacon had disturbed his peace. The testimony showed that Chacon had bought groceries for his San Pedro family during the past three years and that some of the bills for the goods in question still remain unpaid.

SHIPPING IS HEAVY.

The report of the local customs house for the month of May shows the arrival at this port of 102 steamers, twenty-five schooners, seven barken-rigged vessels, and a total of 135 vessels, having a net tonnage of 53,323 tons and carrying in crews 2444 men.

The vessels brought 5,900,000 feet of lumber, 13,184,000 shingles, 248,000 shakes, 4,023,000 lath, 155 sticks of piling, 4576 poles, 25,293 railroad ties, 2135 tons of coal, 204 tons of grain, 85 tons of flour, 24 tons of merchandise and 6048 passengers.

The cargo of the Norwegian steamer Hercules consisted of 400 bales guano, 8 bales sheep skins, 553 bales guano, 30 bales guano feathers, 18 cases guano, 2 cases guano, 30 cases guano, 100 cases guano and 150 bales of Dorsak seed.

WOMAN'S CLUB ENTERTAINS.

The entertainment given by the Woman's Club of San Pedro at the Wetherby tonight was a social and financial success. A literary and musical program was presented by Mrs. Clara Patterson Gilman, Miss Elizabeth Spiller, Mrs. W. N. Van Nuy and Dr. and Mrs. W. A. Cundy.

Mrs. J. J. Reynolds of South Pasadena, who was the guest of honor, presented a beautiful and valuable collection of books to the club.

Mrs. Fred Fletcher in celebration of Mr. Fletcher's birthday, presented a beautiful and valuable collection of books to the club.

Mrs. Harriet Howe of South Pasadena, who was the guest of honor, presented a beautiful and valuable collection of books to the club.

Mrs. Lucius Jarvis of North Pasadena, who was the guest of honor, presented a beautiful and valuable collection of books to the club.

FUNCTIONAL DECLINE

Termed Weakness by Some

The success I have had in restoring functional
decline has been a great surprise to many
who have met with failure in former treatment.
It is the right treatment, applied in the right
way, that brings the satisfactory results. My
direct method of treatment is removed
and free, healthy circulation is established.

VARICOCELE

I cure in four to six days. Many men have
been treated successfully for varicocele. My treat-
ment is painless and the results are complete
and forever.

STRICTURE

I cure the right way and once for all. I remove
all urethral obstructions, inflammation and
soreness and restore the membrane to a healthy
condition, usually in ten to fifteen days.

Contracted Diseases

Failure to quickly cure these condi-
tions is due to harsh measures, which
are the direct cause for chronic con-
ditions. My treatment is most clean-
ly and perfect.

Suits

Made to Order

The perfect fitting qualities, the exclusive patterns, which are features of our made-to-order suits, appeal strongly to men who are particular about their attire. Our assortment of fashionable weaves and patterns is so complete that you are sure to find something here which will meet with your approval.

Are now very few withdrawals, and men are constantly coming to the savings banks from the insurance companies who are paying losses on property on which savings banks had

Altogether, the money situation seems to be very easy in San Francisco. The wharves and the buildings situated there were not injured to any extent, and the commercial business which has for many years been naturally expected to flourish in the city is still in full swing. There have been millions of dollars of property destroyed that can never be replaced, such as paintings, books and works of art. These represent a large money value, but their loss will not materially affect the financial situation. We should naturally expect the savings banks to be in a position to meet the needs of the city, and this has been the case.

For many years San Francisco has been a creditor city, to a large extent, and the resources of the people are so great that it is even doubtful if the loss would be sufficient to place it in the debtor class. Of course, there will be some failures among commercial banks, but such as these are, they will be more than offset by current earnings.

BRITT AND McGOVERN MUST FACE

THE MUSIC.

Committing Magistrate Says Forceful Action of Multitude of So-called Members Was a Crime Attempt to Make Law a Mockery—All Parties to the Affair Are Held.

(BY THE ASSOCIATED PRESS.—P.M.) NEW YORK, June 7.—Ferry McGovern and Jimmy Britt, the pugilists; Harry Pollock, manager of the Twentieth Century Athletic Club, and Tim Hurst, who refereed the bout between McGovern and Britt before that clown was taken to the hospital, were held for trial in the Court of Special Sessions by Magistrate Breen.

They are charged with the violation of that section of the Penal Code referring to prize fighting. Britt was fined at \$500, in each case. Twelve other persons, including fighters, waiters and ticket sellers, also were held for trial on a similar charge.

In his opinion holding the accused, Magistrate Breen said:

"The uncontradicted testimony of two police officers shows that charges of assault were made. There seems to have been a defiant and reckless disregard of the penal statute under the supposed protection of the law. The law is a mockery. The law is a mockery. The law is a mockery."

After reading the above, it can be understood why commercial banks in San Francisco have increased deposits. The savings banks have lost some deposits, but the greater portion of the loss has come from depositors who were non-residents, and who became scared at the catastrophe, thinking the money would be lost. A fair estimate would place this withdrawal at 3 or 4 per cent. of the savings deposits. The other withdrawals from the savings banks were by people who needed the money for immediate necessities, who spent the money in San Francisco, thus putting it in the channels of commerce. The extraordinary demand on the savings banks has ceased. There

are now very few withdrawals, and men are constantly coming to the savings banks from the insurance companies who are paying losses on property on which savings banks had

WRIGHT'S ABSENCE FELT.

Blood Poisoning in American's Hand Prevents His Participating in Tennis Play.

(BY THE ASSOCIATED PRESS.—P.M.) NEWPORT (R.I.) June 7.—The absence of Beils C. Wright, who is unable to play on account of blood poisoning, proved a serious handicap to the Americans in the opening rounds of the International challenge cup against Poidevin, Australia, and A. P. Wilding, New Zealand. Raymond D. Little, who replaced Wright, lost his match against Wilding, but Ward won from Poidevin who took the place of William Brooks on the Australian team. Ward's playing was wonderfully accurate and he displayed good judgment in allowing the Australian to play himself out in the opening stages of the second and third sets. Scores: Ward defeated Poidevin, 6-2, 6-4, 1-2. Wilding defeated Little, 6-2, 6-4, 1-2. Tomorrow Ward and Little will meet Wilding and Poidevin in the doubles.

COMMISSION KILLS
THE "EXPRESS" HOAX.

Consolidation Mare's Nest a Fraud of
the Most Dishonest Sort.

Alleged "Amendment" Declared by Earl's Paper to
Have Come from the City and County Consolidation
Committee Never Was Proposed by That Body—To
Let a Majority of Voters of Whole County Decide
Never Was the Programme.

THERE is not a particle of truth in the report published in last
evening's Express that the City and County Consolidation
Commission proposed a constitutional amendment empowering a
majority of the voters of Los Angeles county as a whole to carry
the consolidation programme, and thus to coerce the smaller cities
and towns into the arrangement.

Intervening and contiguous territory, or a
city and contiguous territory, may be merged
and consolidated into one municipality,
and the government of such municipality may be
organized and conducted in such manner as
may be provided by the commission.

NEVER SAW THE DOCUMENT.
Oscar Mueller, of the law committee,
says: "What the Express publishes
never was considered by the commission.
I never even read it, and have not
looked at it since."

PROBABLE EXPLANATION.
H. C. Dillon, a member of the law
committee and of the law committee,
thinks he may have been the innocent
cause of trouble. The amendment
presented to the San Francisco
committee officially, and the committee
was fully informed as to what the
amendment was, and that it was not
submitted to the commission.

SUPPRESSED THE TRUTH.
The Express printed the false
report, and did not print what Mr.
Butler and Mr. Mueller said. After
the publication, the Express sought
interviews with Mr. Mueller and other
members of the commission, which were
curtly refused.

THE GENUINE AMENDMENT.
The proposed amendment section 7
Art. XI, as prepared by the Law
Committee and adopted by the commission,
is as follows, in full:

WHITE CREEPS OVER HIM.

Mexican Victim of Strange Disease in
County Hospital Turning Into a
Ghastly Figure.

Creeping up from his finger and toe
tips a ghastly white color is slowly
obscuring the wholesome brown skin
of a Mexican at the County Hospital.

SAYS SPRING
WAS POISONED.

WOMAN HOMESTEADER CHARGES
A "SQUATTER."

Declares He Has Threatened to
Murder Her, and for the Third
Time She Appeals to the Courts.

The Times last Sunday published an
account of how two women were struggling
to carve out a home in the Santa
Monica Mountains, without friends and
without money.

NOT "SCARED."
He is reported as having said that
he would "swear" the two women off
their land and remain in possession
of it.

STORY OF POISON.
There was a small spring near the
house on my daughter's property,
which furnished the water for our
table. I noticed one morning that it
was filled with stones. I removed them
and it took me nearly all day to do it.

AN EXCUSE FOR PIPPLING.
Never until the publication of the
Express story, has such a proposition
been cited by the legislation committee
or Governor Farnes as a false excuse
for turning down Los Angeles.

THE GENUINE AMENDMENT.
The proposed amendment section 7
Art. XI, as prepared by the Law
Committee and adopted by the commission,
is as follows, in full:

RODENTS RUN
RESTAURANT.

Battle With Rats, One Deputy
in Hospital.

High Carnival Held by the
Victorious Vermin.

Sad Tale of an Attachment
Not of the Heart.

Handicapped by rats—great, big real
live rats—Miss May Baldridge was
driven out of business.

CHASED BY RATS.
Now, to any one who has had ex-
perience with restaurants it is a fact
well known that the financial success
of the institution is centered in the
economical management of the kitchen.

IN THE HOSPITAL.
Fate decided.
It was the ambulance which finally
put in an appearance, and today
Deputy Constable Miklausch was
seen in the hospital.

ALL ARE WELCOME.
Harbor Towns Invited to Participate
in Next Meeting of Consoli-
dation Commission.

THE FOLLOWING LETTER HAS BEEN AD-
DRESSED BY THE CONSOLIDATION COM-
MISSION TO THE SECRETARIES OF CIVIL
BODIES IN THE CITIES OF LONG BEACH, SAN
PEDRO AND WILMINGTON:

My Dear Sir: At a regular meeting
of the Consolidation Commission of the
city and county of Los Angeles, the
secretary was instructed to notify you
that formal action was taken at that
time to the effect that the time be
set for June 15 for a joint meeting of
the representatives from Long Beach,
Wilmington and San Pedro with the
Consolidation Commission for the
purpose of discussing and consider-
ing the question of centralizing the
government of these municipalities for
the proper control of the harbor. And
in pursuance of this action, and on be-
half of the commission, I take great
pleasure in extending to you and your
committee a most cordial invitation
to be present at and participate in our
meeting held on Friday next, June 15,
1906, 8 p.m. in the directors' room,
Chamber of Commerce building, this
city. Trusting that the commission
will have the pleasure to be honored
with the presence of your entire com-
mittee at this important meeting, I am,
very truly yours,

[Signed] A. F. FLEMING,
Secretary.

THE SMART RODENT.

By this time Brown decided that he
was not hungry. He staggered back
toward the front, on the way he was
held up by a "Shamrock" rat. Indig-
nation seized him. Catching up a long
greasy stick, used to stir the soup, he
prepared to do valiant battle with that
rat. He made a swipe at him. It was
a fierce swipe.

Mr. Rat simply hopped to one side,
and gibbered at him; it made faces. It
looked as though it was scratching its
nose with one claw, but Brown says it
did something else, spreading its
claws out like a fan.

MOTORCYCLE RUN.
New Club is Organized With Forty-
three Members, Who Will Run to
Azusa Tomorrow.

Part of the old Los Angeles Motor
Cycle Club came to life last night with
a sudden start, after months of idle
dreaming, and as a result a new Los
Angeles Motor Cycle Club was born.

On the run tomorrow the route will
be via Pasadena and Baldwin's ranch
and the riders will take a short cut
at Azusa. All motor-cycle owners or
others are requested to go on the run, and
it is stated that the pace will not be
over fifteen miles an hour. Another
meeting will be held next Thursday
night to complete the organization of
the new club.

LIBRARY BOARD AT SANTA ANA.

FOURTH SECTION OF THE STATE ASSOCIATION CONVENES.

Forty-two delegates from five Southern Counties met to discuss projects for better conditions.

Divorce Case Heard Behind Closed Doors—Two Thousand Sheep Sold.

STOCKMAN DIES.

DR. DIRECT WIRE TO THE TIMES!

SANTA ANA, June 8.—[Exclusive Dispatch.] The first meeting of the fourth section of the Library Association of California was held in Odd Fellows Temple today.

Forty-two delegates from the five Southern counties in the State were present, including Mabel E. Prentiss, of the State Library in Sacramento.

The convention was called to order by Miss Antoinette Humphreys, the librarian at Redlands. She introduced Dr. C. D. Ball, president of the Santa Ana board of library trustees, who extended a welcome to the delegates.

Miss Mabel Prentiss spoke on "The Extension Department of the State Library," and stated that there were fifty-six incorporated cities in California without libraries.

K. H. Field, vice-president of the Board of Trustees at Redlands, told what a library board expects of a librarian. Miss Mamie Bennett of the Los Angeles public library read a paper on "Public Documents for a Small Library."

A permanent organization was effected before adjournment. H. E. Harris of Whittier was elected president and Mrs. Charles F. Schmitt of Pomona, secretary. The next meeting will be held in September.

COURT DOORS CLOSED.

The case of Eva Boret against Ramon F. Boret for divorce, was heard by Judge West today. Owing to the untimely death of the evidence for public print, the case was heard behind closed doors.

It is reported that Boret has defaulted in the case, and that the wife will have no trouble in securing her decree. They are both prominently known in Huntington Beach, where their family troubles have been food for gossip for some time.

SANTA ANA BULLETIN.

Judge West has appointed C. H. Polley administrator of the estate of the late Polley Tuffrey, deceased. The estate will bring suit against one of the Los Angeles railway companies for damages, on the charge that the company was responsible for the death of Mrs. Tuffrey when injured by an electric car, and died in Los Angeles.

Among the cases settled in the Superior Court today was the return of the sale of about 3000 sheep, made by August Tonnason, executor of the estate of Martin Tonnason, deceased.

President Roosevelt has sent the name of N. T. Edwards of Orange, to the Senate for confirmation for postmaster there. He is a butcher, and will succeed Mrs. Melba B. Towne, term expired. Mrs. Towne has been postmistress for eight years.

ANAHEIM'S FOURTH NEXT YEAR.

ANAHEIM, June 8.—A mass meeting was held last night to discuss the feasibility of celebrating the Fourth of July here. After a number of business men had expressed their views it was decided to wait until next year when the city will get up its grand double celebration, as it will be the fiftieth anniversary of the founding of the mother colony city.

The United Telephone Company is now installed in its new offices on Los Angeles street, with F. F. Wilson as manager.

O. B. Webb and son of Los Angeles have purchased the Walter Eymann place near here from the new owners, paying \$1400 for the improved ranch. They will build a \$2000 residence and make other improvements on the place.

HUNTINGTON BEACH NEWS.

Reports are current to the effect that the Pacific Electric Railway Company will shortly extend its line from here to Santa Ana. It is said that 300 Japanese laborers have been engaged for the work, which is expected to be begun about June 15.

Residents of this town are planning a grand celebration of Independence Day. There will be patriotic addresses, games, athletic contests and fireworks, all of which features are expected to attract many visitors.

George J. Bookkeeper for the Huntington Beach Company, and Miss Eleanor Garcelon of Pomona were married Wednesday evening.

J. C. McCord, assistant cashier of the First National Bank, has gone to Cincinnati, where he will be married to a belle of the Ohio city. Following the wedding the bride and groom will come to Huntington.

Extensive plans are being carried out by the Huntington Beach Company for the improvement of the local water supply system. Over 600 feet of 8-inch wooden pipe is being laid and the mains are being extended on Palm and Westley avenues. When the work is completed water from the bottom of the Huntington Beach will be equipped with a first class water system.

The closing exercises of the school year were held at the schoolhouse Wednesday. An enjoyable programme was given by the primary and intermediate grades.

Fishing is good here now. The fish bite well during the bright, moonlight night and the anglers get some good strings.

METCALF BROTHERS' FUNERAL.

Santa Barbara Masons Will Conduct the Services in Honor of Victims of Riots.

SANTA BARBARA, June 8.—The funeral of the two Metcalf brothers, who were killed in the riots at Canaan, Mex., will be held tomorrow afternoon from the Congregational Church under the auspices of the Masons.

The two local Masonic lodges will meet at the lodgemoor, and will march to the undertaking parlors to escort the bodies to the church.

The remains of the unfortunate men were brought to this city by John Metcalf, a brother of the slain.

An important session.

The City Council held a three-hour session last night, and all the business that had accumulated during the holidays was cleared up.

An ordinance was passed providing that any person who desires to move a house must obtain a permit from the City Superintendent of Streets, and that if there are any obstructions in the way of tree branches along the streets, which must be temporarily held out of the way, the Street Superintendent shall cut away the obstruction.

The property owners were very hard with vigorous protests, claiming that the trees were highly ornamental, and had taken years to attain their present size.

SAY RIVER IS A MENACE.

BAD REPORTS COME FROM PALO VERDE VALLEY.

Overflow of Rio Colorado is Said to Be Threatening the Homes of Ranchers Who Are Building a Breakwater of Earth, Logs and Brush to Check the Flood.

[BY DIRECT WIRE TO THE TIMES.] RIVERSIDE, June 8.—[Exclusive Dispatch.] Ranchers of the Palo Verde Valley on the western banks of the Colorado River in Riverside county, are reported to be fighting frantically to stay the overflow from the Colorado, which is said to be menacing their homes.

According to a report received there are 30 men, women and children building a breakwater of earth, logs and brush to check the flood, which is said to have already swept away considerable property.

The report says that Ralph Connors and family have been missing since last night and it is believed that they have perished. The family of Frank Moore is declared to have been surrounded on a hill and it is said that unless relief reaches them soon they must be lost.

Ranchers have also to fight millions of vicious flies. There are about 3000 acres of grain threatened with destruction.

W. C. T. U. CONVENTION ENDS.

At the last day's session of the twenty-fourth annual convention of the W. C. T. U. of Southern California, the delegates elected the county superintendent and leaders of the various departments. They also nominated delegates to the World's Temperance Convention at Hartford, Ct., and to the National W. C. T. U. Convention at Boston.

To the world's convention were chosen: President, G. T. Stoney of Los Angeles; Mrs. Emma Cash, past president, Los Angeles; and Mrs. Stella B. Irvine, vice-president of Riverside. Also, H. Mills, Santa Ana; Mrs. H. Jacobs, Redlands; Mrs. S. O. Wilbur, Highgrove and Mrs. N. E. Tates of Los Angeles.

The following will be delegates to the national convention: Mrs. Ella B. Taft, Miss Mary Quivette, Mrs. M. J. Pierce, Mrs. Mary C. Sampson and Mrs. Hester T. Griffiths, Mrs. Fred Fisher, Mrs. Helen Steadman, Mrs. J. C. Wheeler and Mrs. Rhodes of Los Angeles; Mrs. C. Burris, Lamanda; Mrs. E. N. Jacobs, Redlands; Mrs. Alice Somes, Los Angeles; and Mrs. Alice Simmons, Riverside.

The convention finally adjourned, to meet at Redlands next June.

HONOR PASTOR GOFF.

Pastor E. F. Goff of the Congregational Church celebrated his tenth anniversary in the local pastorate and the dedication of the new parsonage last evening. Among the unique features of the occasion was a gift of \$53 from the employees of the street railways.

Pastor Goff is a graduate of the University of California, and has been in the ministry for many years. He is a member of the American Baptist Church and is a prominent member of the community.

CHARLES FRAUD ON COURT.

B. W. Freeman of Los Angeles has begun suit through attorneys T. T. Porteous and A. D. Loughlin, to set aside the final decree dissolving the Alessandro Irrigation District because of fraud alleged to have been practiced on the court when the decree was issued September 1 last. The petition also prays that D. E. Myers who bought 1500 acres of the Alessandro lands for less than \$10,000, be adjudged simply the trustee of the irrigation district and ordered to reconvey the property to the former trustees. Freeman alleges that Myers and the trustees deliberately concealed from the court his claim against the district for \$73,600. Myers says that he has no knowledge of Freeman's claim and that the court's finding that he has long been outlawed.

WOMAN'S CLUB BAZAAR.

The Woman's Club bazaar was held today in the Glenwood adobe. Among the women contributing their services to the cause of the bazaar were: Mrs. Mabel Johnson Kohler, Edward Matlocks, Jessie B. Gattman, James E. Shaw, Heber Park, Almon Thresher, Charles H. Lewis, Mrs. M. J. McLean, Edwin H. Rose, John McFarland, Edward F. Waddingham, Daniel D. Helton, Fred Twogood, E. O. Rickard, George Brown and Charlotte E. Webb and O. J. Gattman.

CRISIS STRIKE.

The girls employed in packing oranges at some of the local packing houses struck early in the week for an increase in pay of from 3 cents to 6 cents per box. After a delay which caused a serious injury to the business the demand was granted. The managers are arranging to employ a force of Japs or Chinese next season.

STAGG'S RULES FOR FOOTBALL.

CHICAGO COACH HAS A GAME OF HIS OWN.

Players Will Banquet Together Previous to Play—Killing, Maiming and Torturing Must Be Done in a Gentlemanly Manner, Like Unto the Prize Ring.

[BY THE ASSOCIATED PRESS.—P.M.] CHICAGO, June 8.—New "football" has arrived. The institution which is the invention of Coach A. A. Stagg of the University of Chicago and intended as a substitute for the old gridiron game, condemned by the conference of the professors last winter, will be exploited next fall in a contest between Chicago and the University of Minnesota. Announcement of the game was made yesterday by Coach Stagg.

The new species of football will differ from the time-honored brand in that the so-called objectionable features of the game will be eliminated. The official field rules will be observed, but the relations between the players and the spectators will be on a strictly "purity" basis, to conform with the ideals brought out in the recent football legislation in the West.

The leading features of the "new football" will be a banquet for the opposing teams the night before the game, in which the players of opposing positions will occupy adjoining seats; absolute avoidance of all controversies and conflicts; financial matters and eligibility questions and all around gentlemanly spirit. Coach Stagg declares that all future games in which Chicago is concerned probably will be played under the new rules.

MISS SUTTON STILL WINS.

English Champions Default to American Champion, Sealing Fruitlessness of Effort.

[BY DIRECT WIRE TO THE TIMES.] LIVERPOOL, June 8.—[Exclusive Dispatch.] Miss May Sutton, the California girl, who swept the tennis field in England last year, today had a walk-over in the semi-final round of the mixed doubles handicap, first round, Miss Pinckney who was to have met the American girl, scratched. It is predicted that Miss Sutton will have no trouble in carrying off the final.

In the mixed doubles handicap, first round, Miss Sutton and Mr. Charlton, owing fifteen, beat J. Findlay and Miss Findlay, 6-2, 1-1. In the ladies' doubles, semi-final round, Miss and Thomas beat May Sutton and Mrs. Hillyard 6-4, 6-1.

Glee Club Entertains.

The glee club of McKinley School gave a delightful musical entertainment at Social hall, Dayton Heights, last evening, the programme consisting of vocal and instrumental music. The club members, twenty girls ranging in age from 10 to 14 years, and

Dr. Tom She Bin

Consult Dr. Tom She Bin 506 South Broadway, bet. 5th and 10th Sts., Los Angeles. Teas and Herbs Only.

Dr. Tom She Bin, I was a terrible sufferer from asthma for many years. I was persuaded by a friend to try Dr. Tom She Bin's herb tea. I began to take it and in a few days I was relieved; my condition improved rapidly. At the end of two months I could attend to my business, and today I am entirely cured.

JOHN WILLIAMS, Case River, San Francisco, Cal.

More than a year I was afflicted with sciatic rheumatism. My suffering was almost unbearable. I was unable to sleep or rest, and was often tempted to give up. I began to take Dr. Tom She Bin's herb tea, and in a few days I was relieved; my condition improved rapidly. At the end of two months I could attend to my business, and today I am entirely cured.

JOHN WILLIAMS, Case River, San Francisco, Cal.

Professional athletes for the Los Angeles Cricket Club will take on the Santa Monica team for a return match at Agricultural Park this afternoon. Gadsden had picked the cream of his club, and expects to repeat the performance of Decoration Day when the Los Angeles team took the measure of the backsliding school.

The game will be called at 1 o'clock sharp, and there will be no admission charged to the grounds.

Coffroth Goes North.

Johnny Coffroth, fight promoter and sporting man of San Francisco, who has been rusticated in Los Angeles since he came to see the fight that never happened, returned north last night. Coffroth will be back for the Nell-Astell battle, July 4, and will bring down a bunch of sports to take another whirl at Los Angeles.

Coffroth says the sports are as much interested in the coming battle between Attell and Nell as they were in the Nelson-Herrera fight.

Ward and Little Winners.

NEWPORT (Eng.) June 8.—In the doubles in the international tournament today for the Dwight F. Davis challenge cup, Holcomb Ward and Raymond D. Little, Americans, beat A. P. Wilding, New Zealand, and Los Perdevin, Australia, 7-3, 6-2, 6-4.
